U.S. Planes Hit Con Thien Outpost
3 More Marines Killed In Accidental Bombing

SAIGON (AP)—A U. S. Marine plane accidentally hit the Marine outpost of Con Thien with a bomb Sunday, killing three Marines and wounding nine in the second mistaken bombing there in three days. Communist shellfire wounded another eight Marines at the muddy base guarding Red infiltration routes just south of the demilitarized zone. A mistaken bombing Friday killed two Marines and wounded 21. Both incidents were being investigated. The defenders of Con Thien came under repeated savage shelling last month from North Vietnamese believed attempting to take the outpost but overwhelming American firepower beat back the assaults. U.S. B52 bombers, which play a major role in the battle around Con Thien, swept into North Vietnam 50 miles above the demilitarized zone, their deepest raid in 10 months and blasted the Mu Gia Pass. This is the main entry to the Ho Chi Minh trail, which carries Communist troops and supplies through Laos and Cambodia to South Vietnam. The eight-engine, \$8-million bombers are usually kept away from possible danger from North Vietnamese missiles, which can reach them even at the 30,000-foot altitudes where they fly. The bombers struck truck parks, supply concentrations and fuel storage sites at the pass after coming from Thailand over Laos so they would be in North Vietnam only briefly. Today, they were back pounding a suspected Red infiltration route 10 miles above Con Thien and a suspected buildup point 2.5 miles southwest of the Marine fortress. Weather hampered strikes against North Vietnam Sunday and halted all raids around the vital port of Haiphong but the man who has commanded the Haiphong campaign promised more missions in the continuing effort to isolate the port. Holding a farewell news conference in Saigon leaving for command of the Pacific Fleet in Hawaii, the 7th Fleet commander, Vice Adm. John J. Hyland Jr., said the recent raids had cut all four of the city's main bridges. Acknowledging that the North bridges and had set up temporary pontoon structures, Hyland said Navy planes would hit them again "when the time is ripe." Hyland made no direct comment on whether he was satisfied with the recent gradual relaxation of the Pentagon's ban on raids against certain sensitive targets in the North. But he said military men want "all those targets turned loose." The U.S. Command reported heavy damage to at least three of five targets in the Hanoi-Haiphong area that were hit for the first time Saturday. They included boat yards, a storage area and a radar installation. It also reported three planes losses over the weekend but said none was connected with (Turn to VIETNAM, Page 7)

Canton Boy Dies In County Crash

County's 1967 Traffic Toll 27 KILLED
This date in 1966—31 killed! NO NEED FOR SPEED

A Canton teen- aged driver was killed and eight other area residents were injured in nine weekend accidents reported by the Ohio Highway Patrol at Lisbon.

Dale Walter Brown, 18, of Canton lost his life when his convertible carrying three other Canton youths veered off a curve on Route 30 near the Stark County line early Sunday morning and overturned several times.

The 1963 convertible was headed east at 1:04 a. m. when it went off a right curve and flipped over into a field, officers said.

INJURED in the mishap and taken to Aultman Hospital at Canton were Phillip Grossenbacher, 25; Dale Mahoney, 20, and Fred Stutler, 20, all of Canton.

The death was the 27th in Columbiana County this year, compared to 31 at this time in 1966.

Ellen M. Wilson, 52, of 412 Elizabeth St. was in "satisfactory" condition today at Osteopathic Hospital with injuries suffered in a collision Saturday in Calcutta.

She was a passenger in a car operated by Robert W. Wilson, 59, of 412 Elizabeth St. which was rammed from behind by another vehicle.

Officers said Wilson halted on County Rd. 428 at the intersection with Route 170 to make a left turn, and was struck by an auto driven by Louie E. Williams, 47, of RD 3.

Both drivers were bruised and shaken, and both vehicles received heavy damage. Williams was charged with failure to stop in the assured clear distance.

He Won't Be Queen

FORT WORTH, Tex. (AP) — The 1967 Texas Christian University homecoming queen will not be Mason Dickson.

Dickson, an 18-year-old boy, filed as homecoming queen candidate Wednesday, pointing out that the only qualifications listed are 73 semester hours — Mason's a senior — and a 2. grade point average — he has a 3.8.

But the student election committee disqualified Dickson Sunday, and the two boys and two girls said they would not count any write-in votes for Dickson. "Any reasonable man would know a queen is supposed to be a girl," the committee said.

Truckers, Firms Face Vote
New Proposal Offered In Steel Hauling Tieup

Shots Fired As Violence Flares Anew
Serious Economic Effects Reported By Steelmakers

PITTSBURGH (AP) — A mediation team in the steel haulers' strike has come up with a new proposal on the disputed issue of paying the truckers for waiting at steel mills. The strikers and trucking firms face a vote on it this week. A steel industry publication says the strike, in its second month, is having serious economic effects on steelmakers. The time truckers wait for loading and unloading — at present without pay — has become the key issue in the strike. The new proposals would give the truckers \$13.70 an hour after a four-hour wait. The proposal, arrived at in weekend sessions by a seven-state mediation panel, will be submitted to the National Steel Carriers Association, a breakaway group of independent trucking firms, the Teamsters Union and the strikers. The two trucking groups rejected the original agreement giving the truckers \$10 an hour after two hours. Truckers in most areas approved the plan. Steel Magazine reported that the strike has forced curtailments at steel finishing mills and fabricating plants and caused layoffs or short-term employment for 15,000 to 20,000 workers. The weekly journal said a Pittsburgh area mill estimated it lost orders for 20,000 tons because it couldn't make deliveries. Another major producer set its loss at 40,000 to 60,000 tons. Mill deliveries for the industry during September were off 16 per cent from August. Violence sprang up on the highways again Sunday night after several days of relative calm. Six shots were fired into the cab of a rig hauling steel coils near White Marsh, Md. Police said the shots all narrowly missed the driver, Samuel F. Sherman, 43, of Baltimore. New Fiscal Fight Looms In Congress
House To Be Arena For 'Donnybrook' On Taxes, Spending

WASHINGTON (AP) — Another fiscal donnybrook confronts Congress this week, with the House the arena for action. Involved, as they have been for weeks, are the issues of taxes, spending, appropriations and whether Congress or the President should take the lead in putting the federal financial house in order. The big battle comes Wednesday when the House acts on a fourth emergency appropriation bill to put money into the coffers of government agencies whose regular appropriations for the year that started July 1 have not cleared Congress. Their emergency funding expires next Monday. The shape of the emergency measure is to be molded at a meeting of the Appropriations Committee today. Republicans are trying to tie to the bill a requirement that the President cut spending for the fiscal year by at least \$5 billion. The President claims that assignment can't be carried out until all the appropriation bills become law. The GOP came within eight votes of winning when they tried that approach to enforced economy Oct. 3. Appropriations Committee (Turn to CONGRESS, Page 9)

Rain, Cooler Weather Forecast For Tonight

Rain and cooler weather is due tonight, with the rain to end Tuesday morning. Temperatures will average near normal Tuesday through Saturday. Highs will range mostly in the 60's with lows at night in the 40's. It will be cooler at the beginning of the period, followed by a warming trend toward the weekend.

100 More Threatened
Brush Fire Guts Homes In West

LOS ANGELES (AP) — A searing brush fire swept into another Los Angeles residential area today, boosting to 26 the number of homes left gutted in its path and threatening about 100 more on nearby hillsides. The fire near suburban Chatsworth, about 30 miles northwest of Los Angeles was one of the major blazes which have blackened an estimated 26,000 acres and left one person dead since Sunday. Tired firemen, who battled through the night, said the major danger was that hot, dry winds might return. At the most destructive point of the 10,000-acre Chatsworth fire four homes were reported destroyed today. Some 100 other stood in the path of the flames. There were 22 homes destroyed Sunday in the area. To the southwest—about 10 charred miles away—a second fire front burned toward new homes about three miles east of Thousand Oaks. However, firemen said no homes there were immediately threatened. About 1,000 firemen fought the fingers of fire which nibbled over hills and into canyons and gullies. "I lost everything," said Edward Collins whose home went up in flames. "everything—house and furnishings. My son and daughter lost their home too. I stayed to fight the fire until it got so hot I had to leave. Now I have nowhere to go. All I have is on my back—pajama top, trousers and shoes." No homes were damaged in Simi but a tract of homes near Thousand Oaks was threatened during the night. The fire burned around the rocketdyne testing center of North American Rockwell Corp., destroying several small sheds. A blaze threatened homes in (Turn to FIRE, Page 3)

Pharmacy Hit In District's Latest Holdup
Gunman Grabs \$67 Saturday Night At Saltsman's Store

A young bandit wearing sunglasses fled with \$67 Saturday night at Saltsman's Pharmacy on the Calcutta — Smiths Ferry Rd. Lester Saltsman, owner, said the slender young man entered the store about 9:20, flashed a small black gun with some white on it, and said, "This is a holdup." Saltsman told Sheriff Russell J. Van Fossan and St. Clair Township police he thought the man was fooling until he cried, "Open that — cash register!" "Then he came around behind the counter and took all the money," Saltsman added. "There were no customers in the store at the time, but Saltsman's father, his wife, Thelma, and daughter, Mrs. Dorothy Price, witnessed the holdup — the fourth in six days in the East Liverpool area. A lone robber got \$100 last Monday morning at the Little Diner on Harvey Ave.; \$231 Monday night at Ohnezeit's Grocery on Pennsylvania Ave. and \$130 Tuesday night at the (Turn to HOLDUP, Page 3)

United Fund Passes 50% Drive Mark

The East Liverpool United Fund Campaign has gone over the half - way mark in its concentrated two - week drive for \$125,000 for 1967. A \$7,500 corporate contribution from the Crucible Steel Co. Midland Division helped boost the fund past the midway level, John Starkey and Robert Sauer, co-chairman, reported today. Crucible employees are also expected to provide about \$23,000 through payroll deduction of employees who reside in the East Liverpool area. John P. Strand, Crucible division president, made the presentation of the check to Sidney Porter, industrial solicitor. (Turn to FUND, Page 8)

Possible Court Fight Looms
Cigarette Tax Increase Bill Signed By Shafer

HARRISBURG (AP) — Gov. Shafer signed the cigarette tax bill today and his administration immediately braced itself for a possible court fight over the manner in which the bill cleared the Senate. The governor signed the measure without fanfare just after midnight at the Governor's Mansion in nearby Indiantown Gap instead of at 11:30 a.m. today in the Capitol as originally planned. His aides advised that an earlier signing would be in order since many dealers planned on charging the higher tax right after midnight. The state tax on a pack of cigarettes thus rises from 8 to 13 cents and is expected to yield an estimated \$55 million over the remaining 8½ months of the fiscal year. Hugh E. Flaherty, Shafer's legislative secretary, said the bill contains a section which makes permanent the penny-a-pack tax for the Korean bonus and shifts it into the general fund. Administration officials privately concede that Democratic predictions are correct that the tax bill will wind up in the State Supreme Court via a taxpayer's suit. The cigarette bill passed the Senate last week on 85 votes instead of the time-honored 25 votes. Armed with an opinion from the Justice Department, majority Republican senators argued that only 49 members were elected to the 50-chamber Senate since no one has been declared a winner in the York County election. Thus, the GOP says, 25 votes are enough to pass a bill. Democrats strenuously disagree. The House and Senate, meanwhile, (Turn to TAX, Page 9)

Plans To Be Advanced In New School District

The Board of Education of the newly - formed Edison School District in Jefferson County will meet in the near future to complete organizational plans.

The new district was formed last week by the merger of Stanton Local, Springfield Local and Jefferson Union Local.

This completes the consolidation program in Jefferson County, which now has three school districts. The other two are Buckeye Local in the south and Indian Creek in the center.

The new district covers half of Jefferson County, with 206 square miles. There are 5,000 students.

The three high schools will continue under the new program. They are Stanton High at Hammondsville, Jefferson High at Richmond and Springfield High near Amsterdam. All will have their own football teams.

Supt. Charles P. Henderson of Stanton Local has been named superintendent of the new district. The other superintendents will be reassigned later.

The Jefferson County Board of Education appointed a new

board to govern the district. It includes Dr. W. S. Banfield of Irondale, president; William Earley of Toronto RD 1, vice president, and Audrey Whitcomb of Empire, David Hendrix of East Springfield and Edgar Hill of Richmond RD 1.

Kathryn Hoyman of Richmond is the clerk.

The new board will meet the second Monday of each month, the place to be announced.

The merger had been under study more than two months.

County School Board Will Meet On Nov. 20

LISBON — The regular monthly meeting of the Columbiana County Board of Education will not be held tonight because pending business was disposed of at a special meeting Thursday.

The board adopted a resolution to abide by provisions of Senate Bill 350 and forwarded to the Ohio Department of Education a resolution covering salaries of non - certificated employees, secretaries and attendance officer. Both resolutions had to be filed in Columbus before Oct. 15, the board said.

The next meeting will be Nov. 20 at board rooms on the Square.

The only woodwind musical instruments which do not have reeds are the flute and the piccolo.

TV Coverage Ruled Out

Romantic Sunset Time Set For Lynda's Wedding

WASHINGTON (AP) — Lynda Johnson and Marine Capt. Charles Robb have picked romantic sunset time for their Dec. 9 White House wedding and have ruled out television coverage of the ceremony.

The Rev. Canon Gerald M. Allister, a personable young Texas Episcopal clergyman, will perform the marriage, the White House also announced Sunday.

Guest list for the East Room nuptials of the President's elder daughter will be held to about 500 persons. That's 200 less than Lynda's sister, Luci, invited to her Aug. 6, 1966 cathedral wedding and White House reception.

This will be the first time in 53 years that a presidential daughter has been married in the White House. The Johnsons announced that "lack of space" will limit coverage by news media.

Only a pool of reporters will be permitted to cover certain portions of the event. There will be no television coverage of the wedding ceremony itself a White House spokesman said.

Lynda and her young Marine fiancé have set their Saturday wedding for 4 p.m., about a half hour before sunset.

Elizabeth Carpenter, press secretary to Mrs. Johnson, said the time of the wedding would be "an hour that suits the couple—and it also depends on the

honeymoon destination," a locale that remains secret.

In choosing the minister, Lynda didn't look far from home. She picked the tall Texas clergyman, who only two weeks ago offered prayers for Lynda and Charles at St. Barnabas Episcopal Church in Fredericksburg, Tex., 15 miles from the LBJ Ranch.

He was so surprised when Mrs. Johnson called Saturday to ask him to perform the ceremony, "we didn't even discuss the details."

Two weeks ago when newsmen asked him if he would preside, he replied, "No. That's a job for a bishop."

The Rev. Mr. McAllister, son of W. W. McAllister, mayor of San Antonio, has known the President's family about four years—ever since he presided at the laying of a cornerstone at the St. Barnabas Church.

Since about a year ago, when he became "supply priest" at the church, which has no regular minister, the Rev. Mr. McAllister has seen the first family frequently. The President often goes to St. Barnabas when he is spending weekends at his ranch.

The minister is anxious about the required ministerial counseling session required of all couples marrying in the Episcopal church. Such sessions are usually conducted by the minister who will preside over the ceremony, but the Rev. Mr. McAllister said Sunday, "If it's not possible for me to handle it then perhaps someone in Washington could."

The Rev. Mr. McAllister attended Lynda's alma mater, the University of Texas, and was graduated from Virginia Theological Seminary in 1951.

know they will be happy to get the money."

Congress created the presidential board in a special law to halt a two-day nationwide rail strike last July and gave the board power to impose the wage terms if there was no voluntary agreement. The law also forbade any further strike until Jan. 1, 1969.

While the railroads dropped any consideration for a court appeal, they refused to write the compulsory wage terms into a voluntary contract agreement.

"The railroads will fully comply with the provisions of the law and the award," Hiltz said in Chicago.

The five-man White House board, headed by Sen. Wayne Morse, D-Ore., ordered a 6 per cent wage hike retroactive to Jan. 1 and a second raise of 5 per cent effective next July 1, plus a total of 20 cents per hour for 100,000 skilled workers.

The first 10 cents of the skill increases go into effect immediately, with 5 cents retroactive to April 1 and 5 cents retroactive to Oct. 1. An additional 5 cents will go into effect next April 1, and the final 5 cents next Oct. 1.

The workers had previously averaged \$2.90 per hour, and skilled workers \$3.05. The top paid men will get 28.3 cents per hour more immediately under the formula, bringing their pay to \$3.33. They will be earning a fraction under \$3.60 when the rest of the pay raises go into effect next year.

Other workers will get varying lesser hourly increases depending on present pay.

The workers include machinists, electricians, boilermakers, sheet metal workers, oilers, carmen and firemen.

tation chairman, and Starkey. Porter presented Crucible a United Fund Distinguished Service Award. Crucible gave \$7,500 last year.

Starkey said the current total in pledges and contributions stands at \$68,000.

He said accelerated drive is "on schedule," but whether the goal of \$125,000 can be achieved

by the weekend depends on everyone's providing "fair share" pledges or contributions.

Starkey and Sauer urged all firms and individuals to turn in their pledges or money as soon as possible to the United Fund office.

Fifteen area welfare, health and character building agencies are assisted by the annual campaign.

The advanced gifts division, headed by Mrs. J. Donald Thompson, leads the divisions with 71 per cent of the \$5,500 goal in. The division has \$3,900 collected.

Other divisions and collections include: Industrial (quota \$66,500) \$38,000; Chester (quota \$2,250) \$1,550; Professional (quota \$4,625) \$2,700; Mercantile A (quota \$27,925) \$15,900.

Public Affairs (quota \$2,000) \$500; Mercantile B (quota \$5,775) \$1,100; East End (quota \$1,800) \$125; Clubs (\$625) \$85.

was the first shooting incident of the strike in Maryland.

State police reported about a dozen rock throwing incidents on the Pennsylvania Turnpike. John W. Krock Jr., of Greensburg, Pa., was hospitalized for cuts around the face after a rock crashed through his windshield near Somerset.

Several trucks were fired at on the Ohio Turnpike and near Cincinnati, and a trucker was beaten near Kane, Pa., when he refused to abandon his rig, police said.

Truckers approved the first settlement offer in most cities where voting took place. They favored it 437-134 in Pittsburgh and 112-15 in Middletown, Ohio. Only in Gary, Ind., hometown of the strike's organizer, William Kusley, was it turned down.

pen at close range in Tuesday's holdup, but he held on to the money and ran from the store.

Saltsman said the robber walked across the parking lot and headed east on Smiths Ferry Rd. on foot. The owner and his family stayed in the store and did not see whether he got in a car.

The sheriff, Deputies Richard Koffel and Dan Gartland and St. Clair police searched the area.

The Challenge Of Drinking

A new approach suggesting "changes in American drinking patterns" to control the drinking problem is destined to be misunderstood.

A government-sponsored study recommends drinking in a family setting and lowering the legal age for public drinking.

Some are sure to read into this a conspiracy to promote a nation of drunkards, or worse.

Nothing could be further from the truth. Conclusions drawn from the five-year study are aimed at ridding drinking of its "forbidden fruit" allure.

The investigation showed that "people brought up in totally abstinent traditions who later take up drinking apparently are more likely to become problem drinkers."

Any sensible attack on problem drinking has first off to recognize how widespread the use of alcohol has become. Pressure for social drinking is high. Also, drinking is more predominant among high-school age youngsters than ever before.

Since drinking cannot be stopped — that was tried once — the only other avenue open to those worried about alcoholism is to control it.

In homes where drinking is socially acceptable to the parents, young people need to be taught the value of moderation. They won't learn it if parents let them drink as they please, or if they are ordered to lay off the stuff until they reach some specified age.

Being allowed to drink in the home takes some of the adventure out of sneaking around to get booze illegally.

Parents in non-drinking families also owe

something to their children — their reasons for abstinence.

Young people need to be told how alcohol affects the crime rate, breaks up homes, causes mental illness, increases auto accident rates and wrecks lives.

No stone should be left unturned to keep them from joining the ranks of millions who have a drinking problem.

It is a fact many young people reject alcohol early when parents permit them to taste it. Strategy like this by parents shows the young person his opinion is respected and removes drinking from the list of things he can experiment with in getting a sneak preview of adult life.

Winner Or Loser

There is more than the solace of a time-worn "You can't win them all" for the area's high school football players and their exuberant fans who for the first time of the current season face the seeming shame of defeat.

No noble words can save the hard truth of a final score. But in truth there is more to be learned from a loss than a victory.

A football team discovers its errors, and its rooters find the real test of loyalty in the wrong end of game tally. And each individual comes up against a fundamental fact of living — any coward can fight when he is sure of winning; it takes a real man who has the heart to both fight and lose—without excuse.

Let's Go Through It Again

We are looking at a news photo of a police officer unloading a gun taken from the trunk of an auto escorting a truck convoy near Youngstown.

The underlines explained it was one of three guns confiscated by police and that the truck convoy was carrying steel. At that point, light dawned.

Or, rather, light flashed. Let's go through it again. . . .

Here were truckers preparing to defend themselves in a nasty fight among Teamsters involved in a strike by independent haulers. Drivers have been hurt. At least one has been killed by rocks and gunfire.

A Super Hairy School Problem

A North Olmsted boy pupil has been judged delinquent for wearing long hair to school in defiance of school rules. His bearded, long-haired father is indignant.

We owe all our sympathy to schoolmasters who do what comes naturally and inevitably when confronted with super-hairy students backed up by wrathful parents.

The schoolmasters tell the boys to get their hair cut. They do this because one super-hairy kid in a schoolhouse can be and frequently is a disruptive influence.

Yet, if he is taken in hand by educational authority there always is a great yipping and howling by ever-willing champions of individualism and untrammelled behavior. It is a ridiculous situation.

Schoolmasters in public institutions owe their

primary duty to the majority of the students, not to individualists. They owe it to the majority to keep as much peace and quiet as possible. They owe it to the majority to call a halt to the cult of excessivism in all its modern forms — too-long hair, too-tight pants, too-short skirts, too-too hairdoes, too-much makeup and too-too everything else.

They know that every time they do their job there will be cackling and flapping among people who never miss a chance to shriek that individualism is being stifled. Fact is the is a time to stifle individualism. The time is when it infringes needlessly and offensively on the rights of other people who must rely on mass discipline to get a job done; i.e., schoolteachers.

Purely Personal Observations

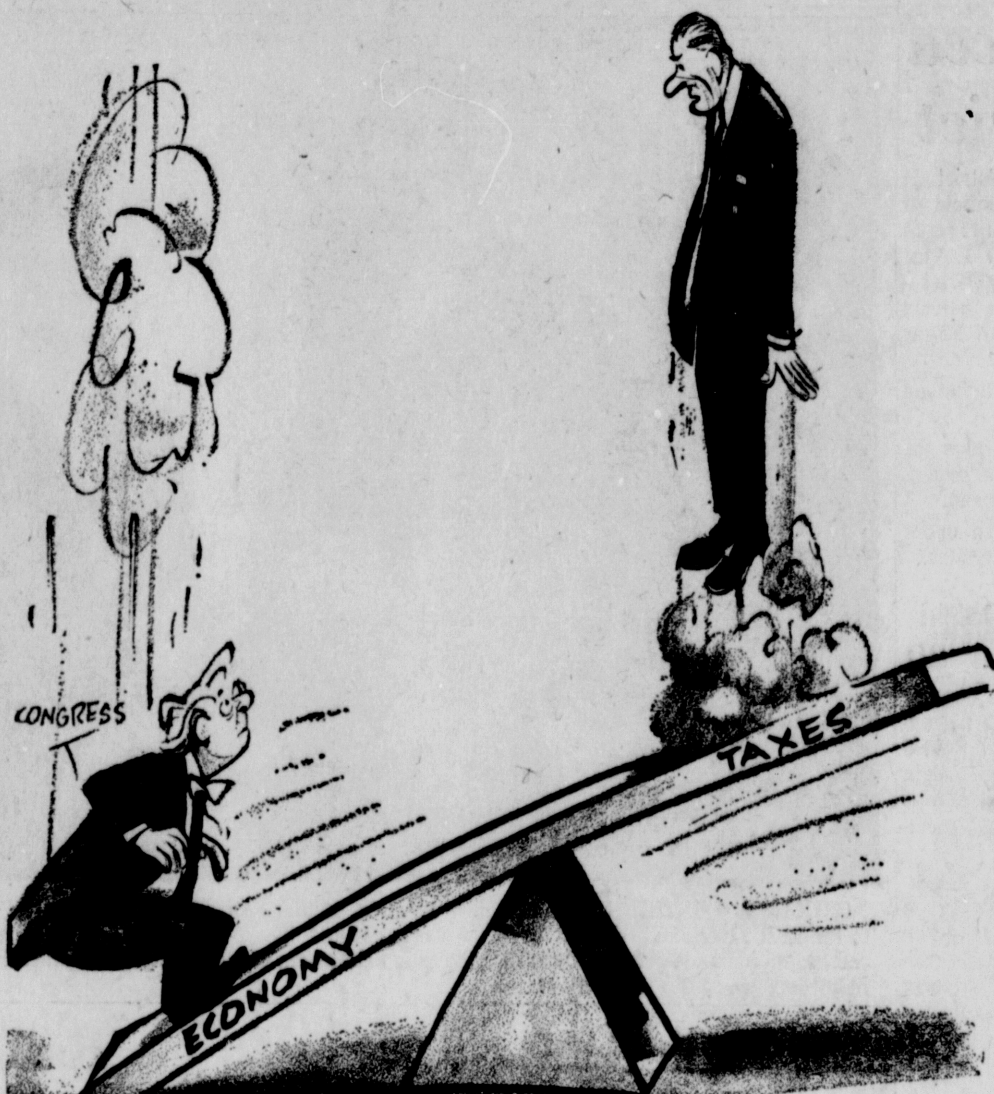

No nation can survive half slave and half free, in Abraham Lincoln's words, and what we have discovered in the United States this summer is that no nation can survive half indigent and half affluent, either.

When people talk about a credibility gap in official information, I recall an old rule of thumb for newspaper reporters. There are three versions of every incident — the other fellow's, yours and the way it was.

Every war turns into a nightmare of mismanagement, corruption, scandal and disenchantment if it goes on long enough. Ergo, the war in Vietnam has been going on long enough for this to happen—and it's happening.

For whatever it might mean to a TV vice president, or a client, I miss Danny Kaye, who has no equal, and am finding it easier all the time to spend time away from the gawk-box, conserving my strength for the nightly cleanup after the horse operas.

Washington Teeter-Board

Disputes

By Carl P. Leubsdorf

Congressional Trend May Be At End

WASHINGTON

The compulsory rail settlement going into effect today for 137,000 shop craft workers may have come just in time to block the growing pattern of tossing tough labor disputes into Congress.

Congressional sources believe it may thus give collective bargaining a much needed boost in the rail industry, where it appeared in great danger of failing entirely.

The reason is simply that neither side is happy with the way this dispute was settled: The unions don't like the compulsory settlement procedure that was used — although they like the contract they got — and management is unhappy with the settlement terms.

When the proposal for a compulsory settlement of the shopcraft dispute was debated last spring and summer, organized labor and its supporters in Congress denounced it as just what management wanted.

THEY ARGUED that adoption of the plan, proposed by the Johnson administration after voluntary settlement efforts failed, would set a pattern so that management would henceforth balk at meaningful bargaining, knowing Congress would then approve a compulsory settlement.

A 1966 strike involving the airlines was settled voluntarily only when similar legislation bogged down and key congressmen forced resumption of bargaining.

Rail management said it accepted the settlement idea as a necessary last resort, but it also knew that proposed settlements by two presidential panels were much closer to management's terms than those of the shopcraft unions.

But management got a rather rude awakening last month when the special five - member board created to set settlement terms agreed on a much more generous raise than the two earlier panels had proposed.

When Sen. Wayne L. Morse, D-Ore., chairman of the board, announced the terms, railroad management spokesman John P. Hiltz Jr. called them "clearly inflationary." Machinists Union President P. L. "Rov" Siemiller commented, "They asked for it."

Although there was some talk of a court challenge, Hiltz announced Friday the railroads would accept the decision.

Sources familiar with the board's thinking indicate members made their determinations solely on what they considered to be merit of the situation with little if any thought to the political impact.

BUT ALTHOUGH they may not have intended it that way they left both sides unhappy with the over - all episode.

This may show later this week when a Senate Judiciary subcommittee holds hearings on legislation to create a special court on labor management relations to handle major disputes when collective bargaining breaks down.

Union witnesses are expected to oppose the proposal, and some management spokesmen are reported to be lukewarm about it.

The chances are slim anyway that Congress could pass any permanent legislation dealing with labor disputes in key industries such as railroads and airlines.

President Johnson promised such legislation in January 1966, but Secretary of Labor W. Willard Wirtz admitted during congressional hearings on the shopcraft dispute that efforts to find a formula had failed.

And the difficulty in passing the compulsory settlement in the House, when it would have applied to only one dispute, means it would probably be even harder to pass general legislation to deal with all such disputes.

Deadbeats

By Art Buchwald

"The trouble with the United States," said Cruxman, "is that we never collect our war debts."

"What exactly does that mean?"

"Well, I just read in the newspaper that 17 countries still owe us money from World War I, something like \$21 billion, if the story is correct. Now that's a lot of money to have outstanding and we could build a lot of antiballistic missile systems if any of those deadbeats would pay us back."

Art Buchwald

"I can't understand why you are excited about countries not paying their war debts. After all, World War I was a long time ago, and we've had several wars since."

"That's the point," Cruxman persisted. "The United States should announce it isn't going to get involved in any more world wars until it gets back its money for World War I. If the countries don't want to repay the loans, then we should tell them that we'll sit the next war out."

"BUT CRUXMAN, you can't have a world war without the United States. It just wouldn't make any sense. I agree that we should be paid back, but we shouldn't hold the debts over a country's head and say 'If you don't pay, we're not going to go to war.'"

"Why not? How long are we going to stay on the sucker list? With each new world war the debt ceiling goes higher and higher. How many world wars do we have to have before we go broke loaning money to other countries?"

"What countries still owe us money, Cruxman?"

There's Armenia; they're into us for \$40

million; Belgium owes us \$600 million; France owes us almost \$7 billion; Great Britain is into us for \$9.5 billion; the Soviet Union for \$659 million and Estonia, Latvia and Lithuania, \$80 million. The only one who keeps paying its war debts is Finland. And do you know why?"

"I really don't."

"So Americans can say 'Finland always pays her war debts.' It doesn't cost the Finns that much and the public relations is fantastic."

"Well, it appears to me, Cruxman, that the big debtors are France, England and the Soviet Union, and if we could collect from them the others would follow suit."

"YOU GOT A fat chance of collecting from France for World War I, particularly since De Gaulle has things so twisted around these days he thinks we started it."

"But what about England?"

"They don't have the money so we'd have to foreclose on them, and it's not easy to find a buyer for England these days."

"I don't imagine the Soviet Union is too anxious to pay us back."

"On their books, we still owe them for Alaska."

"Well, what about Armenia?"

"I think she's our only hope. The only trouble is Armenia is part of Turkey now, and when Turkey took over they ran an advertisement in the Istanbul Gazette, saying they were no longer responsible for Armenia's debts."

"It's a shame that no country except Finland will pay for World War I," I said. "How do countries have the nerve to fight another war when they haven't paid for the previous war first?"

"I guess it's a symptom of the times," Cruxman said. "They'd rather fight now and pay later."

RAYMOND MOLEY

Politician With A Talent

We need not wait until Lyndon Johnson slips into the shadow of history to begin an appraisal of his special political genius.

In foreign policy, he must be judged by events to come. That is not our concern here.

Like most intelligent politicians, the President's private estimate of the majority of the electorate is colored by cynicism. He knows how glibly we are. His skills are designed to exploit that weakness.

His method is simple, almost obvious. He perceives a public problem about which many people are deeply concerned. He is not a reflective man, but a congenial activist like his revered model, Franklin Roosevelt. He decides to do not one but several things about the problem about which people are worried.

AS PRESIDENT he has many subordinate who have ideas about solving the same problem. Those ideas are in infinite variety. It doesn't matter that some of them, if adopted, would be in conflict with others, if adopted.

So he takes a generous selection of those ideas—panaceas, if you will—and proposes the assortment as national policy. In announcing the plans he gains something. He emphasizes that he knows the problem and forcibly reminds people that he is going to do something about it.

I select from a number of examples the American city—not the people in the city, but the physical environment.

The idea about doing something about cities are shaped into programs, and each program carries an appropriation and its own special bureaucracy to operate it. Because the President has an obedient Congress, the program is enacted into law.

In 1948 one program was in effect—public housing.

In 1951 another program was adopted—slum clearance and urban renewal.

By 1957 appropriations were increased for the two programs already adopted and three new ones were operating—urban planning grants, public facility loans and housing for the elderly.

Rep. Celler Abandons Effort

Redistrict Impasse Hits Antigerrymandering Bid

WASHINGTON (AP) — A congressional redistricting impasse in Indiana is forcing Rep. Emanuel Celler, D - N.Y., to abandon his effort to write an antigerrymandering provision into law.

The provision has deadlocked a House-Senate conference on a proposed redistricting law. Celler has said he would rather see no law than give up a fight he has been waging for 30 years.

But the pressure from Indiana representatives threatened with having to run statewide for Congress in 1968 instead of from districts has apparently ended the fight.

The House and Senate conferees are scheduled to meet Wednesday and are expected to approve a bill that would prohibit statewide elections for Congress but would leave control over gerrymandering to the states.

The bill will also provide that, starting in 1972, the maximum permissible variation between the largest and smallest congressional districts in a state would be 10 per cent.

Celler has been holding out in conference for a provision in the bill passed by the Senate requiring that all districts be "as compact as possible." But of the five Senate conferees, only one, Sen. Edward M. Kennedy, D-Mass., favors it.

The other four senators are insisting on language leaving it to the states to determine whether districts are "as compact as practicable."

Gerrymandering means to draw districts with roundabout boundaries so as to benefit a party.

At the last conference more than a month ago, Celler said he would never yield to the Senate conferees. "To turn this matter over to the states," he said, "would mean merely to continue the practice of gerrymandering. I have been striving for 30 years to stop this practice and I will not back down now."

Celler is now yielding, not to the Senate conferees, but to Indiana's 11 congressmen—five Democrats and six Republicans. They say they need a law passed quickly banning at-large elections, which is an uncontroversial provision in the deadlocked bill.

A federal court has ruled Indiana's present districts are unconstitutional. The divided Indiana legislature, with a Democratic Senate and a Republican House, has been unable to agree on new districts and is not scheduled to meet again before the 1968 elections. If nothing is done all candidates for Congress will have to run statewide.

Editors Panel Offers Plans To Cover Racial Riots News

CLEVELAND (AP)—Suggestions for covering news of racial disturbances were made here Sunday by a panel of newspaper editors from three Ohio cities which have experienced such outbreaks.

The speakers were William Ware, executive editor of the Cleveland Plain Dealer; Charles Hubbs, managing editor of the Cincinnati Enquirer, and Gene Moore, news editor of the Dayton Journal Herald. They participated in the discussion at the fall meeting of the Associated Press Society of Ohio.

The editors suggested that newsmen keep in close contact with forces trying to restore order and agreed that establishing liaison with police in advance of any outbreak would reduce on-scene difficulties of coverage.

They said that newsmen should take precautions for personal safety during coverage of racial disturbances and recommended the use of hard hats painted a dark color with transparent face masks attached.

The panelists agreed that rumors which circulate during the time of racial violence make the job of covering such disturbances more difficult and dangerous.

Moore said that news coverage of racial disturbances proved "the toughest thing I have run across in 40 years on the news desk."

Ware said that riot coverage "involves dealing with 90 per cent rumor and 10 per cent fact." He added that the ordinarily used standards of "news judgment should be tempered by responsibility to the community," especially in the early stages of disorder.

"A primary responsibility" of news coverage of racial violence, Hubbs said, is to contribute to "the restoration of order and protection of people within the riot area."

The Plain Dealer was host for the meeting. An invitation for the 1968 fall meeting was received from Dayton.

Niagara Falls are probably the most publicized and, therefore, most famous waterfalls in the world — but still there are 48 other waterfalls in the world which are higher than Niagara's 167 feet. The world's highest falls are the Angel Falls, in Venezuela, with a height of 3,300 feet.

Fireman Among Victims

23 More Killed In Ohio Traffic

By The Associated Press
Sunday was a deadly day on Ohio's highways, with 10 persons dying in auto accidents to push the weekend traffic toll to 23. Half of the Sunday victims were teen-agers.

Three persons died Saturday in a wreck on Cleveland's east side, and a Cleveland fireman died Saturday night when the truck he was riding overturned. The latest fatalities:

Saturday
James Wright, 17, Akron, died Saturday of injuries received Friday night when he was thrown from his car, which went out of control on Interstate 77 near Akron-Canton Airport.

Danny D. Burke, 29, Akron, when his auto was involved in an accident on a Creston Village street.

James Owens, 55, Fleming, struck by a car as he walked along U. S. 50A near Marietta. David Hunger, a Cleveland fireman, when a pumper truck overturned on a Cleveland street.

Sunday

Russell D. Buckley, 19, Belleville, when his car left Ohio 603 near Lucas and struck a tree. Jacob L. Robinson, 76, Powell, and Merle Noteman, Plain City, when their car left a road in Delaware County and hit a tree.

Carolyn Remsburg, 20, Tiffin, when the car she was riding in overturned off a Seneca County road near Tiffin.

Dale W. Brown, 18, Canton, in a one-car wreck on U. S. 30 near Canton.

Rose Manzo, 19, Dayton, when a car left a road just north of Dayton and hit a culvert.

Thomas Steinhauer, 19, Mason, when a car plunged into a

creek bed in the Cincinnati suburb of Blue Ash.

Mary Donnellon, 84, Withamsville, hit by a car after getting off a bus near her suburban Cincinnati home.

John Stevens, 26, Columbus, when his car crashed on Interstate 70 in Columbus.

Ruth Sissler, 17, Edgerton, was driving a car that crashed on Ohio 49 in Defiance County, near Hicksville.

Pre-Story Hour Set At Library

The 23rd session of the preschool story hour at Carnegie Public Library will begin Wednesday and will continue morning and afternoons each Wednesday for six weeks.

Children from 4 to 6 years of age are eligible, but must be registered before attending, due to the limited space. The morning period, which will begin at 10, is filled, but a few openings remain for the afternoon story hour, which will begin at 2.

Mrs. Marvin Triguba and Mrs. W. G. Billingsley will be assisting Mrs. Hilda McEwen with stories and songs for the children.

The first highly successful turnpike of any great length built for all types of motor-vehicle traffic was the Pennsylvania Turnpike, the four-lane divided toll freeway from Bristol on the New Jersey border to Pittsburgh and on to the Ohio border near Youngstown. Seven tunnel carry it through the Appalachian Mountains, and its total length is 366 miles.

SKI PHANTOM outfit should attract plenty of attention on the slopes of Europe. It's a one-of-a-kind original created by Hess's of Allentown, Pa., for Princess Irene Galitzine of Rome, and includes lipstick red bolero jacket, red jump pants, hip - high leggings, black burnoose, face mask and mittens.

BPW Marks 'Week' Here

A feature of the National Business Women's Week being observed by members of the local Business and Professional Women's Club will be an informal luncheon Thursday at the Travelers Hotel.

The tables are reserved from 11:30 a.m. to 2 p.m. No reservations are needed, but all members are encouraged to attend if possible during their lunch hours, club officials said.

Mayor George E. Willshaw, in proclaiming National Business Women's Week, commended members of the local club "for their great service to our community."

The major goals of business and professional women are "to help create better conditions for business women through the study of social, education, economic and political problems; to help them be of greater service to their community, and to further friendship with women throughout the world."

The local observance began Sunday with several of the churches offering special prayers for world peace in the name of the local club.

On Wednesday, Mrs. Jeanne C. Squire, treasurer of the National Federation of BPW Clubs, will address the local members and their guests. The topic will be "Our Communications System."

State President Mrs. Ethel Lynn Wambaugh will address members of the Gallipolis BPW Club today at their local observance.

Saturday, the statewide observance will end with the chartering of a new BPW club—the Avon Lake BPW. As state president, Mrs. Wambaugh will present the national charter.

Wants To Practice In Own Way

Roman Catholic Church Dead, Kavanaugh Claims

SOUTH BEND, Ind. (AP) — The Rev. James Kavanaugh said Sunday the Roman Catholic Church is dead and he will practice the priesthood in his own way.

The priest said, "I want the religious freedom that Vatican II promised me."

He addressed about 400 persons at the University of Notre Dame in a talk sponsored by the school's Academic Commission of the Student Union.

Father Kavanaugh, 38, who wrote the book "A Modern Priest Looks at his Outdated Church," returned to La Jolla, Calif., where he is marriage counselor at the Human Resources Institute. He has been on leave from his diocesan work in Kalamazoo, Mich.

He said in his address that the institutional church is dead.

"The bishops at the synod in Rome are wasting their time. We the Catholics of America are getting our theology second hand from European theologians who don't have answers either," he said.

Father Kavanaugh said those who need the traditional forms of the Church will stay in it while those for whom the traditional is irrelevant and legalistic will leave.

"I want the freedom to be myself, the freedom to find God without arrogant priests telling me I can't," he told the audience. "I will remain a priest in

my own way even as I leave the institutional priesthood."

Although he has no definite plans, Father Kavanaugh said he will marry.

"I don't know how I as a man can find God and meaning without marriage," he said. "I need the close personal relationship of a woman. I need it and I intend to have it."

Loretta Kay Phillips Wed In Ceremony At Millport

A double-ring ceremony united in marriage Miss Loretta Kay Phillips, daughter of Mr. and Mrs. Ernest Phillips of Summitville, and Ronald James Crosser, son of Mr. and Mrs. Donald Crosser of Lisbon, Oct. 7 at 3:30 o'clock in the Bethesda Presbyterian Church of Millport.

Palms and candelabra formed the altar background where the Rev. Paul Gerrard officiated for the double-ring ceremony. Satin bows marked the family pews. Mrs. Dominic Sabatino was organist and Mrs. William Pannier soloist.

GIVEN IN marriage by her father, the bride wore a floor-length sheath of silk peau designed with a chapel train. The fitted bodice was styled with a scoop neckline and short sleeves, which were bordered with Chantilly lace.

Her crown of crystals and pearls held a double silk illusion veil. She carried a cascade of white Fuji mums and pompons. The traditions were observed.

Mrs. William Grubbs was matron of honor and Mrs. Lee Cain, Mrs. Tyler Flanary and Miss Kathy Rose were bridesmaids. They appeared in sheaths of pueblo chiffon fashioned with high-rise waistlines, Kabuki sleeves trimmed with Venice lace and Watteau trains. Theater veils were attached to their crowns of pearl teardrops and crystals. They carried cascades of bronze gold Fuji mums interspersed with wheat and grapes.

Donald Crosser of Louisville, Ky., served as his twin brother's best man. Ushers were Paul Koffel of Columbus, William Grubbs of Alliance and Lawrence Baughman of North Lima.

The mother of the bride chose a three-piece costume suit in candlelight and russet accented with a corsage of gold color.

her home on Windsor Heights. The club presented birthday gifts to Mrs. Ethel Shroades and Mrs. Butler.

Surveyor 5 Sending Signals From Moon

PASADENA, Calif. (AP) — America's Surveyor 5 space vehicle, awake after a two-week slumber on the moon, has started sending radio signals back to earth again.

Officials said the Surveyor 5 stirred to life Sunday after a tracking station at Canberra, Australia, gave the command which turned its radio back on.

Scientists at the Jet Propulsion Laboratory in Pasadena said an attempt to turn on the Surveyor's television cameras will be made later.

Surveyor 5 has sent back more than 18,000 photographs since it soft-landed on the moon last month.

Ambridge Man Killed In Fall From Ladder

ROCHESTER — Constantinos Gemelas, 40, of 20th St., Ambridge, was killed Sunday at 1:45 p. m. when he fell 30 feet from a ladder while painting light standards at the Northern Lights shopping center.

Mr. Gemelas was using a paint roller with a 4-foot aluminum handle. Steve Dantas, a co-worker, was holding the ladder, which moved, allowing the metal pole to come in contact with a 2,300-volt electric line.

The shock caused Mr. Gemelas to fall and he landed on his head on the asphalt paving. Authorities ruled he died as a direct result of the fall.

No Endorsement On Cruise

Governors Shun LBJ Viet Policy

NEW YORK (AP) — Some Democratic and Republican governors said today that President Johnson will not get an endorsement for his Vietnam war policies during the cruise to the Virgin Islands that most of the nation's governors are undertaking.

Govs. John Connally of Texas and Otto Kerner of Illinois said in separate interviews they will not press for any endorsement of Johnson's Vietnam policies.

Both of the Democratic governors noted that 20 of their colleagues had endorsed the general policies of Johnson in Vietnam at a luncheon Sunday in the Waldorf-Astoria Hotel.

The Democrats had reaffirmed their support of the president's course in Vietnam. Most of them had criticized it at a meeting in White Sulphur Springs, W. Va., last December, but they retracted the criticism in a St. Louis, Mo., meeting subsequently.

Twenty-three of the 25 Republican governors and 22 of the 25 Democratic governors were expected aboard the liner Independence today for the annual Governors' Conference.

Gov. John Love of Colorado, head of the Republican Governors Association, said he doesn't think the cruise conference will

produce any unanimity on Vietnam.

"After all," Love said, "we Republicans are just about as divided as the Democrats on this issue and they have a candidate and we don't."

The declaration of Michigan Gov. George Romney, a Republican, that Johnson was following a "ping-pong" policy in Vietnam seemed to leave the governors as cold as the unsupported statement of Republican Gov. Ronald Reagan of California that the United States may be "doing much better in the war than we're being told."

Reagan said Johnson was waiting until a politically opportune time in the 1968 campaign to announce that "we've turned a point in the war and perhaps we're winning."

He spoke on ABC's program "Issues and Answers."

Gov. James Rhodes of Ohio, a Republican who had taken the initiative two years ago in lining up the governors behind Johnson's Vietnam policies, said he is not interested in taking any similar action now.

Asked why, he said he thinks there is too much Republican dissent.

"I'm not running for anything and I'm not supporting anybody who is," Rhodes said.

Traffic

(Continued from Page 1)

19 was in "satisfactory" condition at City Hospital with injuries received in a collision of his motorcycle and an auto on Route 267 Saturday.

A 1959 sedan driven by Dorothy Rae Howard, 34, of 1048 Vine St. was headed north, officers said, when the mishap happened at 9:40 a. m. She made a left turn in front of Fletcher, and his cycle hit the right front of the auto.

He suffered lacerations of the head and hand and foot injuries.

Maude Carolyn Fraser, 45, of 337 Jackman St., was treated at Osteopathic Hospital Saturday morning after her car hit an embankment along County Rd. 447 a mile north of the city.

The Patrol said she was headed north, lost control and her 1964 coach slid left of center, then back over the road and into the embankment. She was charged with speeding.

A 1965 station wagon driven by Kenneth Rukenbrod, 38, of 207 Boardman St., East Palestine, was demolished when it went over an embankment on Route 7 about two miles north of Route 30 early Sunday morning.

He was headed south when the vehicle went off the east side, hit six reflector posts then slid across the roadway and hit the embankment. He

was slightly injured, officers said.

Judith Louise Dailey, 21, of 162 Sunset Dr., Toronto, was shaken and bruised when her car and another collided on Route 7 about 1.7 miles north of Route 30 at 11:40 a. m. Sunday.

BOTH WERE headed south, and when a vehicle in front of the woman made a left turn, she stopped and her car was hit from behind by one driven by Cuba Augusta Hurst, 59, of Youngstown. The Hurst woman was charged with failure to stop in the assured clear distance.

Richard Leroy Staggars Jr., 27, of Rogers Rd 1 was slightly injured Saturday at 5 p. m. when his 1965 motorcycle went off the west side of County Rd. 428 into an embankment.

A horse owned by William Sponsel of Rogers Rd 1 was killed Saturday when struck by an auto operated by James L. Gorby, 20, of Negley on Route 154 east of Rogers.

The right side of a sedan operated by Frank Swecker, 43, of 191 2nd St., Chester, was demolished early Saturday when the car went off the left side of County Rd. 430 and struck a fence and utility pole.

Dick Conley, Ohio University junior tailback from New Concord John Glenn, holds the single game rushing mark in the Mid-American Conference with 275 yards in 36 carries set against Marshall in the final game of 1966.

Tax

(Continued from Page 1)

while, returned to work today with the bulk of Shafer's \$285 million tax package gathering dust in the Republican-controlled House.

The cigarette tax increase plus a \$59.5 business tax recently enacted account for about \$115 million of the entire tax proposal.

But with the general election looming Nov. 7, Republicans doubt that any further tax action will take place between now and then.

Consequently, the emphasis is expected to be on non-fiscal matters such as milk control, civil rights, a legislative code of ethics, conservation, insurance and transportation.

The Shafer Administration is putting the finishing touches on bills that would implement the governor's milk message delivered last Wednesday.

"The bills are expected to be introduced in the House; hopefully this week," an informed Republican source reported.

Shafer advocates abolition of the three-member Milk Control Commission and its replacement with an advisory board within the Agriculture Department.

He also recommends a new pricing formula based on the "most efficient" dealer rather than on a cross-section of dealers.

WASHINGTON (AP) — A high Defense Department official has denounced North Vietnam for allegedly placing photographs of captured American servicemen on the open market, for sale to the highest bidder.

"Exhibiting prisoners of war is a violation of the Geneva convention to which North Vietnam subscribes," said Deputy Secretary of Defense Paul H. Nitze. "Yet this is exactly what the Hanoi government does with its parade of prisoners through the streets of Hanoi and its other filmed public displays of our captured servicemen."

Nitze declared the North Vietnamese have allowed "hand picked newsmen" to photograph the prisoners and then arranged for the sale of the film to world news media through other Communist governments such as East Germany. Life magazine is to publish a series of photographs of U.S. prisoners this week it says were obtained from two East German newsmen.

Nitze declared some of the films have been faked, and at times voices on sound tracks have been dubbed.

"It is important that the American people know," Nitze declared, "that these films are Communist propaganda and that this propaganda is being sold for hard cash."

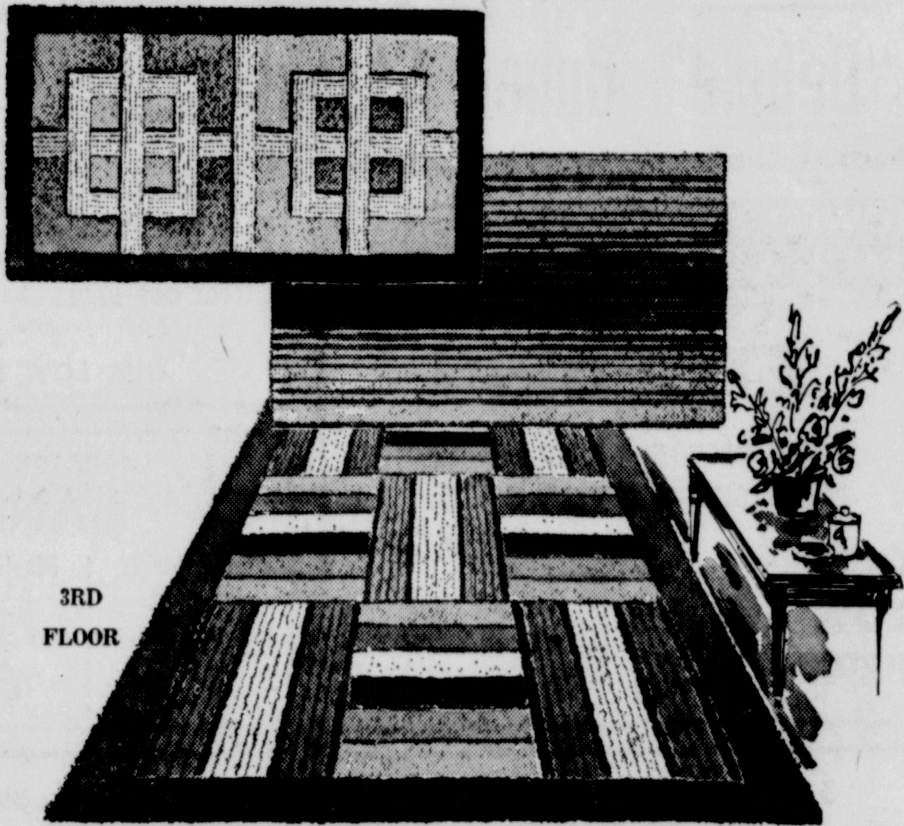

WASHINGTON (AP) — New legislation to protect American industry from foreign imports would cost the United States some \$3.5 billion in export sales, according to President Johnson's special trade negotiator.

"Never in my recent memory," said William M. Roth, U.S. negotiator at the Kennedy Round tariff cutting talks in Geneva, "has there been such a concerted protectionist drive as we are now seeing in Congress."

"The terrifying thing," he

said, "is that if a number of the more important bills were passed, this would cause retaliation against our exports, particularly against many of our agricultural products, such as tobacco, cotton, rice, grains, citrus, and also our industrial exports, our farm machinery, our business machinery—all to the tune of an estimated loss of more than \$3.5 billion in trade."

A Lesson In Calorie Control

Dieters, you will be encouraged to read about a reducer who has made amazing progress in spite of a thyroid deficiency which caused extreme overweight. She writes:

"I agree with you, attitude is the important factor in dieting. However, I disagree that **Ida Jean Kain** an occasional goodie is taboo. I feel I must tell my story. For 13 years I carried around 280 pounds. Imagine that on a woman of 5-foot-2!"

"In July of 1966 I finally went to our family doctor and asked for appetite curbing pills, only to be told that he did not believe in them. He advised: 'Don't use a crutch and you'll do better. First off, set up near goals. Take off the excess weight 10 pounds at a time. As you lose one pound, you have nine to go, etc. After you've lost 10 pounds, tackle the second 10, and repeat!'"

dieters I would say that if you feel you must have cake, then have it. The trick is to have a bite, very small and leave it in your mouth for a few seconds so as to really taste it. Let that bite satisfy your craving."

"One day out of each two weeks I fast. On those days I drink iced tea, sweetened with non-nutritive sweetener, fast-day prior to eating out with friends or in a restaurant is a good plan."

"I WEIGH 165 pounds this morning, which is about one year from the start of my diet. I'm healthier, have more energy now than I've had in years. I'm down from dress size 26½ to where a size 18 is too large. For exercise I swim 2 to 3 times a week. This toned my muscles as I lost the fat. I really haven't done too badly for an old lady of 43 with grown children. My husband acts like we're newlyweds."

With a thyroid deficiency, special medication is needed in amounts sufficient to deal with the excess weight. But as this wise doctor pointed out to his patient, medication does not change the necessity for calorie control.

We salute this spirited woman!

Mrs. Humphrey Asks Expansion Of Retarded Plan

MANSFIELD, Ohio (AP)—Mrs. Hubert H. Humphrey called Sunday for expansion of programs to help the mentally retarded help themselves.

The wife of the vice president made the plea to a crowd of 1,500 persons who gathered here for the dedication of the Richland Newhope Center, a school and workshop for the mentally retarded.

"Let us emphasize the incalculable value of prevention of retardation in the first place," and give the retarded "the full opportunity of developing their potential so that they can better help themselves," Mrs. Humphrey said.

Mrs. Humphrey praised the center, which was financed by a bond issue approved by Richland County voters.

"You parents have had to work for what other parents and their children take for granted," she added.

She gave a personal account of how mental retardation had affected her life and that of the vice president. Their oldest granddaughter, Vicki, is mentally retarded.

A long list of state officials were on hand for the dedication, including Martin A. Janis, director of the Ohio Department of Mental Hygiene and Correction.

The language with the largest vocabulary is English, which contains approximately 800,000 words. About the most words used by any individual, however, is 60,000.

3 Of Globe Union Named To Posts

Three members of a Globe Refractories union were elected to district posts during a meeting Sunday at Indiana, Pa.

William Brewer, past president of Local 647, United Brick and Clay Workers, at the company's Kenilworth plant, was elected vice president of District Council 7; Byron Carter, recording secretary of the local, was named to a three-year term on the trustee board, and Joe Elder, president of the local, to a two-year term on the board.

District Council 7 represents Western Pennsylvania, Eastern Ohio and Northern West Virginia. Seventeen locals were represented at the meeting.

Elder and Carter will represent Local 647 at the West Virginia Federation of Labor convention in Charleston Oct. 25-28.

Search Pressed For Girl Killer In Pittsburgh

PITTSBURGH (AP) — Police pressed efforts today for the killer who raped and strangled a pretty beautician in an apartment she shared with her sister.

Detectives said their best clue was a set of fingerprints on several window panes.

The body of Pamela Zahumensky, 19, of the city's Oakland section was discovered by her sister, Deborah, 20, Saturday.

A piece of electric cord was wrapped around her neck and a slip knotted around it. He nude body bore bruises and other marks indicating she struggled with her assailant.

Police would not say when the murder occurred. They said that someone — possibly the killer plunged the rooming house into darkness by pulling a master electric switch in the basement. Outside floodlights also were doused.

Miss Zahumensky moved into the first floor apartment in June. She worked in a Pittsburgh beauty shop. She and her sister are natives of Vandergrift.

Fund Campaign Tops 75 Per Cent In Beaver County

After two weeks of reporting, Beaver County's first million-dollar United Fund campaign has reached 75.5 per cent of its goal, with \$755,304 collected to date.

Though the collections are on schedule, fund leaders are concerned about the final outcome of the drive that will end Nov. 3.

Charles D. Henderson, county chairman, commented, "Even though total dollar reports are on schedule, overall giving increases do not appear to be sufficient to meet the goal increase of 5 per cent. There are still many contributors not increasing their gift despite the growth and the number of United Fund member agencies and the increasing number of people served by these agencies. For instance, major corporate giving is up only 3.2 per cent over last year."

All local UF groups will hold campaign report meetings this week.

The Midland Area United Fund will report tonight at 7:30 in the Crucible Steel administration building.

Hancock Mishap Injures Cyclist

A Weirton motorcyclist is in "satisfactory" condition at Weirton General Hospital after an accident Saturday afternoon at the intersection of Swearingin Hill and Turkey Foot Rd.

Phillip Wayne Moore, 17, of Kings Creek Rd. suffered injuries to his leg, hip and head when his cycle struck an auto from behind.

Hancock sheriff's deputies said Donna Mae Ireland, 38, of Weirton RD 1 had stopped at the intersection and the motorcycle slid on gravel, striking her car.

The motorcycle damage was estimated at \$125 and the station wagon damage at \$150.

The accident occurred about 3:30 p.m.

There were no arrests.

Beaver Schools To Close 2 Days

Beaver County Schools, including those at Midland, Western Beaver and South Side, will be closed Friday and next Monday to permit teachers to attend meetings.

The Midwestern SEA convention will be Friday at New Castle for all instructors, while a countywide in-service day will be held Monday.

Teachers will attend classes at various schools, according to the grade level and subjects they teach.

Midland High will host groups on physical education and safety.

Lancaster Teachers Call Off 'Study Day'

LANCASTER, Ohio (AP)—City school teachers reported for work as usual today, calling off a plan for a "professional study day" to support their demand for a pay increase.

Robert H. Sealy, school board president, said a decision to call off the work stoppage came as a result of a bargaining session that lasted until about 2 a.m. Contract talks are continuing, Sealy said.

Members of the Lancaster Teachers Association are employed in one high school, three junior high schools, and eight elementary schools in Lancaster. There are a total of 346 teachers and 8,355 students in the schools.

Although many skeptical people will doubt this, it still is a fact that weather predictions have an accuracy rating of 87 per cent.

Survivors Of Sinking Boat Tell Of Companions' Deaths

MIAMI, Fla. (AP) — "If I'd known Mrs. Carter's discarded life jacket and that he and his wife floated through the night clutching the boat, then each other after it sank."

Mrs. Vickers said when a fishing boat spotted them and changed direction, she thought: "It was a man sent by God."

Leroy Pendarvis said when he and his partner, George Apostol, saw the Vickers, they thought they were skindivers.

"When she waved with both arms like that I knew there was something wrong and went straight to them. They were pretty well exhausted. They told me two other people drowned," Pendarvis said.

The foursome was bound for home, Vickers said, when a squall struck about 8 p.m.

The boat's anchor slipped from the bow and snagged on the bottom, he said, and the line fouled in a propeller of the two-engine craft.

He said the 17-footer "snapped around," tearing an engine and part of the transom from the boat.

It began to take water and soon swamped, Vickers told officers, leaving the four occupants clinging to the bow.

Sometime later—Vickers told police he wasn't quite certain when—Carter "just disappeared in the dark."

Mrs. Vickers said that shortly afterward "Dolores said, 'If Tom's gone, I want to go too.' Then she disappeared."

Vickers told officers he

City Firemen Answer Four Minor Alarms

Four minor alarms were answered by city firemen over the weekend.

Cardboard boxes in one half of a double house at 513 Brook St., owned by Earl Miller of 511 Brook St., caught fire Sunday at 2:29 a. m. The blaze was out on arrival.

Fire damaged a shed at 944 Fairview St. Sunday at 6:58 p.m.

Firemen were called to the home of Robert R. Putney of 2407 St. Clair Ave. Saturday at 5:44 p. m. when a floor joist in the basement was set fire by a plumber using a torch. It was out on arrival.

A short circuit developed in an electric range at the home of Harvey E. Shroades of 315 W. 3d St. Saturday at 5:57 p.m.

Have Only Scratched Surface

U.S. Officials Pressure Viet Heads Into Reforms

SAIGON (AP) — American officials believe that for the first time they have successfully pressured South Vietnam's present leaders into some major reforms.

But U.S. sources say the reforms have only scratched the surface. Much depends, they say, on how the new regime of President-elect Nguyen Van Thieu and Vice President-elect Nguyen Cao Ky behaves.

Recent evidence of effective U.S. pressure, one source said, was the removal of six province chiefs and from 40 to 50 district chiefs on charges of corruption and incompetence. Yet there were signs that at least some of the firings were triggered by personal rivalries rather than a desire for good government.

In a parallel development, reliable sources said U.S. and Vietnamese officials have worked out a major overhaul of the much-criticized pacification program to win over the countryside from the Communists.

The plan gives Maj. Gen. Nguyen Duc Thang, a Vietnamese general regarded by U.S. officials as hard-working, shrewd and incorruptible, greater powers to carry out the program. U.S. sources believe he may be able to claim honest success in 80 per cent of 1,100 hamlets where he has started pacification work.

Thang, father of the latest pacification program but apparently waning in influence several months ago, will become deputy chief of the joint general staff and de facto commander of the territorial security forces. He will have wide powers to weed out corrupt regional officials.

In a further effort to press South Vietnam's "other war," the U.S. Embassy announced plans to increase to 41 from 21 the number of American relief experts trying to help civilian refugees. Much of the job will be to make sure funds and supplies meant for the refugees get to them and not to corrupt Vietnamese officials.

The refugee program has come under sharp attack in the U.S. Senate, notably by Sen. Ed-

ward M. Kennedy, D-Mass., chairman of the Senate Judiciary subcommittee, on refugees. The United States is paying nearly \$25.5 million in refugee aid money.

Official figures show 700,000 refugees in camps or shelters but authorities say twice as many may be homeless because of the war.

U.S. pressure for reform is believed to include placing Thieu's junta on notice that the United States would not tolerate any attempt to brush aside the country's newly elected Congress in favor of rule by decree.

A qualified source described both Thieu and Ky as reform-minded but would not extend this description to the rest of the officers making up the present military government.

Mt. Union Seeks Replacement For Dr. Carl Bracy

ALLIANCE, Ohio (AP) — The board of trustees of Mt. Union College is seeking a replacement for Dr. Carl C. Bracy, president of the school the last 13 years.

Dr. Bracy, 57, submitted his resignation to the board at its annual meeting Saturday.

The resignation, which came as a surprise, is effective immediately. It was accepted "with deep and genuine reluctance."

Dr. Bracy said he was resigning "for personal reasons" but did not elaborate, a college spokesman said.

A divorce suit filed by his wife, Erma, last August is pending in Stark County Common Pleas Court.

Dr. Ronald G. Weber, vice president and secretary of the college, was named acting president until the board selects a successor to Dr. Bracy.

Dr. Bracy came here in 1954 from Nebraska Wesleyan University at Lincoln, Neb., where he had served as president from 1949.

Middletown Haulers Vote To Accept Plan

MIDDLETOWN, Ohio (AP) — Local steel haulers on strike voted 112 to 15 Sunday to accept a five-point proposal made Tuesday by representatives of seven governors at Pittsburgh, but the strike will continue.

Walter Melampy, Middletown area strike leader, said the result of Sunday's polling was telephoned to William Kusley, Gary, Ind., national leader of the owner-operators who struck Aug. 21.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm chairman of the Indian Tribal Council. My people and I read your column daily and we like it very much. I'm writing in response to the letter from "Just Asking" who thought parents must be crazy to give their children odd names, such as Fuly Bonus and Tin Cans.

The name the reader felt was the craziest of all was the son of Mr. and Mrs. Around. They christened the boy Stick.

It so happens that our son is also named Stick. His full name is William Walking Stick. In the Indian language this name has great significance. It means Hereditary Chief.

If "Just Asking" will come out here, I'll be happy to introduce him to Horse Face, Cal-Looking, Dogman and Sky-Eyes, to name a few.

The American Indians have many interesting customs. I hope the appalled gentleman will read up on our history and then perhaps he'll not call us crazy. — CHIEF WAHNEE-OTA.

Dear Chief: Thank you for enlightening all of us. And please give my best regards to your son, Stick.

Dear Ann: I'd like to direct my letter to the young man who wrote to tell you about his first and last experience with LSD. He may have saved my life. He also may have saved hundreds, perhaps thousands of

other lives around the country. In my book he's a hero.

I'm an 18-year-old who had been toying with the idea of taking LSD as an experiment. I'd heard many conflicting reports from kids who tried it.

Some reported groovy trips. Others said it was pure hell and warned me not to fool around with it because it's impossible to predict in advance what the effects might be.

The letter you published gave me a very good picture of what LSD can do. It can scramble your brains and wreck your nervous system. It can take you out of this world and leave you there. The description of that kid's struggle to get back to reality was enough to kill my curiosity.

I consider myself lucky to have seen his letter because I realize now that my curiosity could have killed me.

I know you can't tell me the name of the guy who wrote it but, please, Ann, print my letter and tell him he did a wonderful thing for all the youth of America. God bless him. — SPARED.

Dear Spared: Here's your letter and I hope he sees it. I've received hundreds of letters from teen-agers who expressed the same sentiment. You said it best.

Dear Ann: My daughter-in-law is a sweet person and my son is crazy about her, but every time I come from their house I have indigestion. She is such a dreadful housekeeper my heart aches for that boy.

It must be terrible for a young man who was brought up in a home that was orderly,

and well organized to have to live in all that dirt. I'd never say anything to her, of course, but perhaps if you print this letter my daughter-in-law will see it and take the hint. — MRS. ANONYMOUS.

Dear Mrs. Clean: I'm not an advocate of sloppy house-keeping but, believe me, this is way down on the list of what makes husbands miserable. If your son is "crazy about her" I'll bet he doesn't even see the dirt.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Police Capture Boy In High Speed Chase

CLEVELAND (AP)—Police from seven suburbs chased a 14-year-old boy through four southwestern suburbs Sunday as the youth drove a stolen pickup truck at high speeds, police said.

The chase ended when police in one of the suburbs fired a bullet into one of the truck tires. The truck had crashed three roadblocks. The truck had been stolen from an East Side construction site.

The boy was turned over to police in Maple Heights, where the truck was taken.

Ohio Man, 52, Sought In Stabbing Death

HAMILTON, Ohio (AP)—Police here were seeking today Granzie Lee Hughes, 52, in connection with the Sunday stabbing death of Jesse Callo-way, 33, during a downtown rooming house argument.

Police said Hughes fled from the house shortly after the stabbing in the kitchen of the building. Witnesses said Callo-way was killed while trying to act as peace-maker in an argument between Hughes and an unidentified elderly tenant of the building.

Almost half of the thousand different kinds of known cactus grow in Mexico. The people of Mexico find many uses for the different kinds of cactus, a good many of these uses being in their cookery.

Kennedy 'Linked' Again To 1968 Presidential Bid

TOPEKA, Kan. (AP)—Does Robert Kennedy want to be president?

Ask his brother Edward. You'll probably get a tongue-in-cheek reply.

Sen. Edward M. Kennedy, D-Mass., told a crowd of nearly 2,000 in Topeka Saturday night that Sen. Robert F. Kennedy, D-N.Y., is telling everybody he doesn't want to be president.

"If you ever want to hear a short conversation," the Massachusetts senator said, "it's my brother, Bobby, telling someone he doesn't want to be president."

Kennedy's remark came after a telegram was read at a party fund-raising dinner in honor of Gov. Robert Docking. The New York senator sent birthday

greetings to Docking, who was 42 last Monday.

The telegram from Robert Kennedy said: "I'm sorry I cannot be with you tonight but I've sent my brother to read my speech for me. When he's through with it, please send him right home."

"Unlike my brother Bobby," Edward Kennedy chuckled, "I do know where my home is."

The younger Kennedy also said there is nothing to reports about a presidential ticket of Robert Kennedy and Sen. J.W. Fulbright, D-Ark., for 1968.

"My brother hasn't selected his vice president for 1968 yet," he continued in a kidding vein.

President Johnson and Vice President Hubert H. Humphrey sent greetings to Docking.

Docking said he was touched by the events of the evening. He added, "And I know all of you have also been touched."

Americans Getting Longer Vacations

CHICAGO (AP)—Vacations are getting longer.

Commerce Clearing House, making an analysis of government information, shows 72 per cent of the union agreements in effect in 1966-67 provide a maximum vacation period of four or more weeks. This is a sharp rise from 43 per cent in 1961 and 20 per cent in 1957.

Most contracts specify 20 years of service as the requirement for four weeks' vacation compared with 22 years in both 1961 and 1967.

There was a sharp increase in the number of agreements granting this length after 15 years of service.

An increasing number of agreements granted two weeks' vacation after three years of service and three weeks after 10 years.

The expression, "a feather in his cap," is believed to have sprung from an ancient custom in Hungary when a soldier fastened a feather in his cap every time he had killed an enemy. The number of slain enemies was indicated by the number of feathers in a Hungarian's cap.

Woman Who Burned Herself Had Deep Feeling About Viet

LOS ANGELES (AP) — The husband of the 56-year-old woman, who police say burned herself to death on the steps of the Federal Building, says she "had a deep feeling against the slaughter in Vietnam" and "must have felt she had to do this."

Police identified the victim as Florence Beaumont of suburban La Puente, wife of a commercial artist, George Beaumont, and mother of daughters aged 18 and 20.

Beaumont said his wife had

told him, "It's not worth living when you have no redress from your representatives. All you receive from this is form letters."

A Federal Building security guard said the woman poured a can of gasoline over her body and set herself on fire Sunday afternoon.

Police said the woman was apparently dead before a federal guard put the flames out with a fire extinguisher.

Officers said they found literature opposing the Vietnam war in Mrs. Beaumont's purse and

in the pickup truck she parked nearby.

Mrs. Beaumont's husband said she was active in antiwar groups in the Los Angeles area. "She was a perfectly normal, dedicated person, and felt she had to do this just like the people who burned themselves in Vietnam," he said.

"I never felt she would take this road," he said. "but I can see how she might have felt she had to do it."

The longest labor strike recorded in history was one concerning the employment of barbers' assistants in Copenhagen, Denmark, which ended in January 1961, after 33 years.

Jury Seated In Death Case

LISBON — A jury was seated this morning in Common Pleas Court for the trial of Donald T. Yates, 19, of Ridge St., Leetonia, charged with second-degree manslaughter as the result of a traffic accident.

Yates was driving a 1960 sedan which hit a utility pole July 19 on Route 344, three-tenths of a mile east of Leetonia. His passenger, John A. Ward, 17, formerly of Lisbon St., Leetonia, was killed.

The trial is the first of those scheduled for defendants who have pleaded not guilty to in-

dictments returned by the September grand jury. Judge Joel H. Sharp is presiding. Jack Kuhlman of Columbus is Yates' counsel.

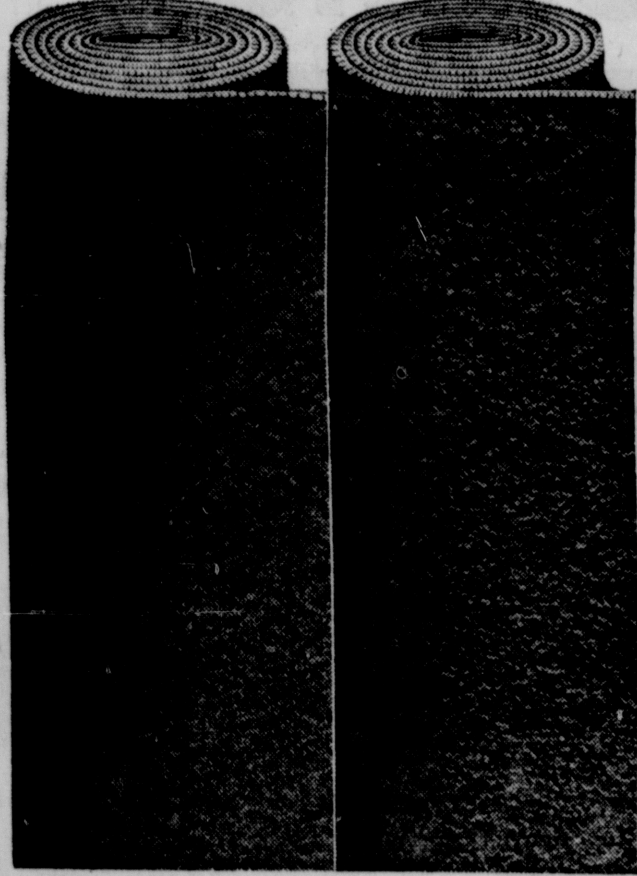

More Chest X-Rays Taken By Mobile Unit

LISBON — The Christmas Seal X-ray cruiser sponsored by the Columbiana County Public Health League took 463 chest X-rays during a public survey Friday afternoon and evening in front of the Courthouse.

The unit also took 19 X-rays during an industrial survey Friday morning at the A & P processing plant in Salem and 79 at Berg's Bretzels, Inc., Leetonia, Saturday morning.

Hunting Mishap Wounds Youth, 17

A 17-year-old area youth suffered a gunshot wound of the cheek in a hunting mishap Saturday morning about 10:30 near Rogers.

Paul Brown II, son of Mr. and Mrs. Paul Brown of Calcutta, was struck in the cheek by pellets from a 20-gauge shotgun held by a companion, Gary Sachs, 16, of Calcutta.

St. Clair Township Constable Robert Jones investigated after being notified the boy was being treated at City Hospital.

The two told Jones that Sachs had crossed a fence and turned when Brown said something. As he turned, his gun discharged, hitting Brown. Six stitches were needed to close the wound.

Neilson Scalps Gen. Custer

It looks as if the indians may win their campaign against ABC's Custer series without a struggle. It's so low on the Nielsen rating list that apparently even the descendants of Gen. George A. Custer aren't watching.

ABC might have learned from two seasons ago when it tried to heroize Jesse James ("Legend of Jesse James") that too much truth had been written about him for the public to buy him as anything but a bad 'un. Before that, NBC had to give up in one season with "Billy the Kid" as played by Clu Gulager in a series called "Tall Man."

GEN. CUSTER might have gone over as a hero 20 or 30 years ago, but too many historians began to expose him as bull-headed, arrogant and ignorant. When that word got around, the public scratched him off its list.

William Self, head of 20th Century-Fox TV division which produces the Custer series, says ABC ordered 17 episodes but he admits the chances of the network's picking up an option for more "look bleak."

In the meantime, Self and producer Frank Gluckman have been doing everything they can to give the show a more historical look. They met recently with two Indian emissaries from the National Congress of American Indians which had objected to Custer's getting on TV.

"THEY HAD a wrong idea of how we were to treat the Indians," says Self. "We pointed out how we've done everything possible to make Chief Crazy Horse the hero he was."

In one episode we have Custer being interviewed by a writer, but Custer is telling the man that if he wants to do an article on a real hero then he should do it on Crazy Horse."

Technical errors pointed out to Self and Gluckman by their real-life Indian visitors are being straightened out, like the fact Crazy Horse never would lead just a small band of Indians, as they had him doing in an early episode.

TO PROVE their hearts were in the right place, Self and Gluckman let actor Michael Dante, who plays Crazy Horse in the series, attend the 24th annual convention of the National Congress of American In-

dians in Portland, Ore., early this month.

"I had a great time," reports Dante, who says he's always been partial to the Indians' side, although not to the point of seeing the Custer series canceled.

"I was made an honorary chief, rode in their parade, ate the greatest barbecued salmon and joined one of their dances," Dante says. "They didn't open up with me until I danced with them. After that we got along fine. I guess I danced for three hours."

WHENEVER the subject of Custer came up, Dante was told by the conventioners that they liked the way he played Crazy Horse, but when, they inquired, do we see the Little Big Horn and the end of Custer? "I tried to explain that I'd like to do more as Crazy Horse, but after all, the name of the series is Custer," Dante adds.

Before leaving Portland and the convention, he was invited by the NCAI to participate in its annual re-enactment of the Little Big Horn battle which takes place on the site in Montana next June. They'd even let him play Crazy Horse. "I'd like to do it, if I'm free," says Dante. He probably will be.

UNTIL nine years ago Dante was looking forward to a baseball career. He was with the Boston Braves farm club and late Tommy Dorsey got Dante Washington Senators when an injury (torn ligaments) ended those hopes.

A chance meeting with the late Tommy Dorsey got Dante (real name Ralph Vitti) a screen test at MGM and a bit part in the movie "Somebody Up There Likes Me."

At Warner Bros. later he appeared in more features and all of the studio's TV series. His one other Indian role was in "Apache Rifles" with Audie Murphy. Dante played an Apache brave by the name of Yellow Hawk, a very bad Indian.

Meeting Set Tonight

LISBON — The Columbiana County Board of Health will meet at 7:30 tonight on the third floor of the Courthouse to vote on a proposed food establishment regulation.

The ordinance would cover inspection of food establishments — other than restaurants and cafeterias which have been under an inspection program since 1955 — in the general health district, which is comprised of all the county except the four cities.

Docking Sees Re-Election Of Johnson

LACONIA, N.H. (AP) — Gov. Robert Docking, D-Kan., has predicted re-election for President Johnson, but denied that he was sent to New Hampshire by the President to discourage supporters of Sen. Robert F. Kennedy, D-N.Y., for president in 1968.

Docking told newsmen the President "is not my appointments secretary."

The governor, a friend of the Kennedy family, addressed the state's Young Democrats Sunday night at the request of the Democratic National Committee.

Some Young Democrats have been conducting a write-in campaign for Kennedy for the state's first-in-the-nation presidential primary next March 12, but he has disavowed their efforts.

Sam McDowell of Cleveland struck out 236 batters in 236½ innings pitched in 1967.

More Witnesses Called In Rights Deaths Trial

MERIDIAN, Miss. (AP) — The 12 defense lawyers have summoned more witnesses at the federal court trial of 13 men charged with conspiracy in the deaths of three civil rights workers.

As the trial starts its second week today, 40 witnesses had taken the stand. Defense lawyers said the case may go to the jury by midweek.

Testimony before the weekend recess was given in behalf of six of the defendants: Olen Burrage, on whose farm the three bodies were found; James T. Harris, Meridian; Jimmy Arledge, Meridian; Edgar Ray Killen, of near Philadelphia, Miss.; Alton W. Roberts, Meridian; and Herman Tucker, Philadelphia.

In each instance, the jury was told that the defendant was elsewhere at the time of the June 21, 1964, killings near Philadelphia.

Before sending the all-white jury of seven women and five men home for the weekend, Judge Harold Cox announced he would deal severely with anyone who tried to talk to a juror about the case.

The 18 white men are charged with conspiring to violate the civil rights of the three slain men. Maximum punishment under the 1870 law is 10 years prison and a \$5,000 fine. No state charges were ever filed.

21 Fatherless After Deaths Of 5 Firemen

CLIFFSIDE PARK, N.J. (AP) — The deaths of five firemen trapped by a collapsing wall leaves 14 children under the age of 21 fatherless. The Ridgefield volunteer firemen also are survived by five widows.

A fire department spokesman said \$8,000 had been pledged to a fund for the survivors sponsored by the Hudson Dispatch, a Union City newspaper.

Bergen County authorities say they are investigating the possibility of arson in the fire Sunday at Cardinal Lanes bowling alley in this town just across the Hudson River from New York City. The Ridgefield Fire Department scheduled memorial services for Wednesday.

One civilian and 10 other firemen also were injured when the cinder-block wall collapsed as about 130 firemen from eight communities tried to control the fire in the one-story building. The civilian and one firemen

remained in a hospital today, but their conditions were not serious.

Joseph Licata, a volunteer fireman from Palisades Park, said, "The trapped firemen were just about to enter the building. Then, all of a sudden, the whole place just went 'whoosh' and the flames traveled right down the building from front to back, blowing out the roof and a side wall."

The sole survivor of the hose crew, Henry Dengler Jr., 22, said he was at the end of the hose and farthest from the wall.

Liver Disease Fatal

SAN FRANCISCO (AP) — Atilio Rizzo, the baldheaded, deadpan "mute" of the Vagabonds musical comedy team, died Saturday of a liver disease incurred while entertaining troops in Vietnam. Rizzo, 54, became well known when the Vagabonds became established in motion pictures in the 1930s and 40s. They were regulars on the Arthur Godfrey television show in the 1950s and recently appeared on the Dean Martin Show. The Vagabonds were in Vietnam six weeks ago.

Ford, Union Continuing Pact Talks

DETROIT (AP) — Ford Motor Co. and the United Auto Workers union continue their contract talks in secrecy again today.

UAW President Walter P. Reuther and Malcolm L. Denise, Ford vice president for labor relations, were expected to head the bargaining teams in the third straight day of face-to-face talks.

They met for 10 hours Sunday, but neither side reported the results of that session.

A news blackout the two sides imposed at 9 p. m. Tuesday remained in effect.

The strike by 160,000 Ford workers is almost six weeks old with a total wage loss the company estimates at more than \$140 million. The damage to Ford's business won't be fully known for months to come, but its new car sales in the first 10 days of this month were 60,000 below those of the same period a year ago.

Workers struck at 11:00 P.M. Sept. 6 when the old three-year contract expired.

Steubenville Hearings Set On Thursday

STEUBENVILLE — A preliminary hearing has been set for Thursday afternoon for nine men charged with illegally using interstate facilities in a sports gambling operation.

The men were arrested Saturday by the FBI.

They were arraigned this morning at 9 before U. S. Commissioner Joseph J. Freedman here, but did not enter pleas. Freedman then set the hearing date.

The men were released into the custody of their attorneys and no bond was set.

Special Agent Harry J. Morgan of the Cincinnati field division of the FBI said six arrests were made at four Steubenville business establishments where wagers had been accepted. The FBI arrested three others shortly afterwards.

Warrants were issued Friday for their arrest on charges of using interstate teletype facilities to assist in making wagers on sports events.

Arrested were Michael O. Sidiari, 52; Vincent A. Rutkowski, 50; Abraham Isaac, 40; William J. Savinelli, 50; William J. DeLeonardis, 46, and Wilbur Sparr, 50.

Also picked up on the charges were Robert J. DeLeonardis, 42; Gilbert V. Porecca, 58, and John F. Von Brockdorf, 53.

Conviction could result in up to two years imprisonment or \$10,000 fines or both.

The businesses involved are three tobacco stores and a lounge.

Masonic Dinner Here Attracts 65

Sixty five attended the 100th anniversary dinner of East Liverpool Chapter 100 of Royal Arch Masons Saturday evening at the temple on Broadway.

Visitors were from Lisbon, Salem, East Palestine, Toronto, Niles, Youngstown, Wellsville, Columbus, Warren and Hartford.

Harvey Walker of Worthington, newly elected grand high priest of the Chapter of Royal Arch Masons, was guest speaker at the meeting that followed the dinner.

Harold M. Peterson, past high priest of the local chapter, presented Walker with a set of dishes. John T. Rayl, high priest, was master of ceremonies.

A MESSAGE OF PUBLIC INTEREST

from THE DAWSON FUNERAL HOME

Throughout the history of the Dawson Funeral Home, it has always been our desire to provide the finest possible funeral facilities for those we serve.

Toward this aim, our firm launched an extensive remodeling and redecorating project on January 2. It has progressed to the final stages of completion.

Naturally, a project of such dimension can cause a great deal of inconvenience to those we have served during this period, and we appreciate the tolerance and patient understanding shown by these families.

Very soon we will be announcing through our local newspaper and radio station the date and time of a special open house to provide an opportunity for the people of the East Liverpool Area to personally visit our beautiful new mortuary. Long recognized as one of the finest funeral homes in the Tri-State Area, the Dawson mortuary is now even more beautiful. The changes will enable us to serve you even better in the future.

We are looking forward to hosting your personal visit during open house observance.

Thank You,
Frank A Dawson and Frank C. Dawson

Hints from Heloise

— By Heloise Cruise —

DEAR HELOISE: I have been painting china and teaching china painting for many years, and have learned a great deal about the china business.

Every week I receive calls from people who have broken a piece of their china. In trying to buy more, they often find their pattern has been discontinued by the factory, and there is no way to get any new dishes.

In that case, their only recourse is to visit or contact all the antique shops they can locate. These shops often buy from estates or auctions, and might have the missing china. As a last resort, they might find someone who does china painting and have them copy their pattern for them.

HILDA VOGEL

Hilda, we do thank you kindly for passing on your suggestion.

We all love you!

HELOISE

DEAR HELOISE: I have white, polished-cotton kitchen curtains. Can they be washed without losing their shine and stiffness?

If so, how?

MILDRED

So many people have problems with polished cotton.

How about it, gals, can you help our pal, Mildred? Please write us in care of this paper. We'd sure love to hear from you.

HELOISE

DEAR HELOISE: If you have a lot of leaves in your yard to rake up, try using an old sheet or blanket to carry them to your incinerator or trash can.

Just rake the leaves into a pile on the blanket. Then they can be easily dragged to their destination. Or you can tie the

four blanket corners together and leave them beside the trash can for pick up.

I also find an old blanket particularly handy when some of those just trimmed bushes are laden with thorns. Just rake them into the blanket, fold the ends together and tote 'em away.

RIP LOFTIS.

DEAR HELOISE: As a mother of four children, I quickly learned that they outgrow clothing very fast.

For instance, my little boy had a lot of romper suits when summer was over. Instead of giving the rompers away (since he hadn't outgrown them) I put overalls on over the suits.

This saved buying little shirts to go with the overalls he wore during the winter months... and there weren't any shirttails coming out.

Since romper suits have those gripper snaps, it's no extra trouble to change the baby's diapers.

MRS. J. M. PETRUCCI

LETTER OF LAUGHTER

DEAR HELOISE: I had red hands, sore back, rough knees. Till someone filled my life with ease.

My day's a joy — my kids I please, I run my house just like a breeze.

Thanks to "Hints From Heloise."

HELEN BUNKIN.

Now, "Ain't she sweet?"

HELOISE.

DEAR HELOISE: I was pleasantly surprised recently when I learned that plastic shower curtains could be tinted. My curtain had faded almost white and I started to throw it away, but since I had some pink dye, I decided to take a chance.

First I dissolved the dye in

real hot water, and let it cool.

Then I put the curtain in the dye water, pushed it well down under the water, and let it set for a while. Then I removed the curtain and rinsed it in cold water.

It was as pretty as new. And there was not one streak!

200,000 Frogs Worth \$3,746

HONOLULU (AP) — Circuit Court Judge Allen R. Hawkins had to decide the value of 200,000 baby bullfrogs in his court. And 300 mother and father frogs, and some carp and some water lilies and some water chestnuts.

He met the challenge, and declared the colony of croakers, and others, worth \$3,746.55.

The whole thing started on June 20, 1963, when the state sprayed weed killer around a pond in Waimanalo. It just happened that particular pond belonged to Kwai Ing Hong who used the pond for breeding frogs.

The weed killer killed the weeds and it killed almost every living thing in the pond.

So Hong filed a \$100,000 damage case against the state, claiming the frogs and the tadpoles in the pond would eventually have been worth that much money.

Judge Hawkins ruled the state was negligent all right,

Youth, 15, Suffocates In Car Of Fertilizer

HILLSBORO, Ohio (AP) — Firemen were unable to revive Bradley E. Mootz, 15, Sunday night after they dug him out of a railroad car full of fertilizer.

Dr. Glenn Doan, Highland County coroner, said Mootz, son of Mr. and Mrs. Duane Motz, Hillsboro, apparently suffocated after slipping in the car. He was unloading a carload of ammonium sulphate into his father's truck on a siding when he slipped.

Two Of Four Who Escaped Ohio Reformatory Captured

MARYSVILLE, Ohio (AP)—A few Ohio highway patrolmen remained on special duty today at the Marysville Reformatory for Women, where four inmates slipped away during a disturbance Sunday.

Two escapees were captured in a corn field near the reformatory Sunday night and two remained at large early today.

Those in custody were identified as Delores Shambaugh, 32, Richland County, and Shirley Parker, 19, Muskingum County. Still being sought were Sue Nunnary, 19, and Jeanette Gill, 22, sent up from Franklin County.

"We've got an emergency here," said a switchboard operator during the disturbance Sunday night.

The patrol said it was first alerted of a possible mass break about 7 p.m. when institution officials put out a call for immediate help.

About 100 patrolmen, sheriff's deputies and civil defense workers from Union County converged on the institution, which has about 370 inmates.

State Corrections Chief Maury Koblentz, who rushed to the scene, said the trouble was quickly brought under control. The first incident was reported at 12:45 p.m. when inmates set a small fire in a supply room. It was quickly extinguished.

By 6:43 p.m., officials discovered that two inmates had walked away from the grounds. A few minutes later, a fire was set in Elizabeth Cottage, a dormitory which houses 63 women. During that fire, two more inmates slipped away.

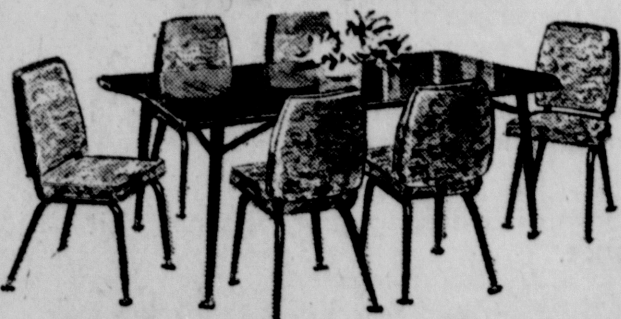

Koblentz estimated damage caused by both fires at about \$300.

Friends may call at the Schwerha Mortuary, Weirton, tonight from 7 to 9 and Tuesday from 2 to 4 and 7 to 9 p.m. Wake services will be held at the mortuary Tuesday at 8:30 p.m.

Arabs Giving Up Hope For Starting War

TEL AVIV, Israel (AP) — Under unrelenting pressure from Israeli security forces, Arab saboteurs appear to have given up hope of starting a guerrilla war in Israeli-occupied areas west of the Jordan River.

Sources here said El Fatah gangs backed by Syria are pulling out of bases from which they have carried on a terror campaign for the last six weeks.

The sources said the raid on the Ma'oz Hayyim kibbutz in northern Israel Sunday is a strong indication that the saboteurs have reverted to the tactics they used before the Middle East war last June—hit-and-run raids across the Jordanian border.

Four bombs caused damage at the kibbutz but no casualties were reported. Army spokesmen said the tracks of three men led to the Jordan River, a mile east, and that 15 Soviet-made submachine-gun magazines, grenades and other ammunition were found near the kibbutz.

Israeli security officials say they have rounded up at least 200 terrorists west of the river. They claim they have broken the most successful group of saboteurs and have uncovered an El Fatah operations center in Jerusalem.

Arabic-speaking Israeli agents are still searching adobe villages for isolated resisters but curfews and other restrictions are being eased in Nablus, Tulkarm and Jenin, formerly saboteur centers.

Israeli tank gunners pounded suspected El Fatah bases east of the Jordan Saturday after snipers began firing near Sheikh Hussein Bridge. It was the fiercest battle on the Jordanian border since the war.

3rd Defendant Hospitalized

2 Men Given Jail Terms In Drunk Driving Counts

Acting Judge Robert A. Kapp meted out five-day jail terms today in Municipal Court to an East End man and a Wheeling trucker charged with driving while under the influence of alcohol.

He gave the penalties to Ronald E. Clark, 25, of 449 1st Ave., cited Saturday at 12:22 a.m. after his car hit a parked auto on Pennsylvania Ave. near E. 4th St., and Ralph Wilkinson of Wheeling, cited after a mishap Saturday night on the parking lot at an E. 3rd St. drive-in restaurant. Wilkinson was fined \$200 and costs on the drunk driving charge and an additional \$100 and costs on a charge of operating a motor vehicle without a driver's license. Clark drew a fine of \$200 and costs.

A SCHEDULED hearing for Frederick Luther Cain, 23, of 7th Ave., LaCrosse, was postponed because the defendant is hospitalized. Cain was cited Friday night about 10:30 on charges of driving while under the influence of alcohol and leaving the scene of an accident.

Police said Cain's auto collided with another at Dresden Ave. and Smith St., but he did not stop. Cain's car then crashed into a utility pole in the 700 block of Lisbon St., officers said.

Ten others paid fines or forfeits today on traffic charges filed by local police and the Ohio Highway Patrol.

Frank E. Kraft, 20, of 344 Center St. was fined \$10 and costs on a charge of improper auto registration. He was cited Thursday at 10:59 a.m. on the River Rd. by Patrolman Orin C. Smith.

Ronald L. Obermann, 19, of Mingo Junction was fined \$10 and costs on a charge of crashing a stop sign at the junction of Routes 7 and 30. He was cited by the patrol Sunday at 10:05 p.m. Cornelius Koontz, 54, of Uniontown, Pa., forfeited \$17.50 on a charge of crashing the same sign. He was cited by the patrol Friday at 11:05 a.m. Norman S. Cunningham, 19, of Empire forfeited \$17.50 on a charge of improper registration. He was cited by the patrol Saturday at 7:55 a.m. on Route 7.

Cubanola Martin, 54, of 444 14th St., Wellsville, was fined \$10 and costs on a charge of speeding 70 miles an hour in a

Four Injured As Cars Ram

Four were injured in an accident at Chester early Sunday morning.

In "fair" condition at City Hospital is Ernie Hashman of the Oakland district of Pittsburgh, son of Mrs. Edna Hashman of Canfield Ave., East Liverpool, and Ann Cox of 550 River St., Chester, a passenger in a parked car operated by Jerry Norwood of the Travelers Hotel. He was treated and released.

A passenger in Hashman's auto, Jo Ann Tassos of 329 Stratford Ave., Pittsburgh, also was treated and released for contusions of the hip and left arm.

Police said the accident occurred about 12:30 a.m. on Route 66 at the western end of the city.

Reportedly, Hashman's auto was headed east when it spun around in the middle of the road and struck the Norwood auto in the parking lot of the Holiday Lounge.

Although the Roman Empire fell apart almost 1,500 years ago, it still influences our lives. More than 300 million people speak languages directly related to Latin. Roman law provided the basis of the law of most European and Latin-American nations. Some of their roads, aqueducts, and bridges were so skillfully built they are still in use today. Their architecture still influences our buildings. And their qualities of duty, seriousness of purpose, and sense of personal worth remain ideals for people everywhere.

You May Need To Prune

Overplanted? It's Time To Check

By VIVIAN BROWN
AP Newsfeatures Writer

Is your house tree-bound? Are you living in darkness for the sake of trees and bushes that shroud your house? If so, get busy with your little hatchet.

Fall is the best time to spot overplanting around a house. In spring, our perspective may be overshadowed by greenery and bloom. In summer, we may be too busy tending annuals and admiring our green thumb to observe bushes, trees and plants that should be yanked rather than pruned.

There is so much useless leveling of land that conservationists dislike seeing tree stumps. But old trees can keep your house from breathing.

great, beautiful splash of yellow in spring but it is six feet larger than the little saltbox house a few feet away. It and other plantings—yews, juniper, pine trees—had grown up around the house concealing its beautiful lines.

You couldn't see the house for the forest. It was a joy to see it when the yews were removed, the pines cut down to hedge height and the forsythia cut back.

Old photographs of a house may provide perspective about plants. Look at the pictures showing the house in various stages, then decide which shows the house to best advantage. You may be surprised that you like the house pretty much the way it was when you moved into it. Or perhaps you'll be charmed by the fourth-year pictures.

Most builders are not landscapers, so unless a builder employs a landscaper, a plant arrangement for a new house copied from a model home can be a flop. The plantings may be fine for the model house which is built for temporary show, but if they haven't been planned by a nursery man, they may not be suitable for a long-range plan.

PERSONALITIES In The News

CAMBRIDGE, England (AP)—Prince Charles, who arrived at Trinity College last week as a freshman, received his first party invitation over the weekend. The future King of England declined with regret.

The invitation came from nurse Vivien Morgan of Cambridge who, with a few friends, was planning to celebrate the end of nursing exams.

It would be nice if you could come along, they wrote the 18-year-old Prince. And bring your own drinks.

The reply they received read: "His Royal Highness, the Prince of Wales, thanks Vivien, Sue, Anne and Diana for their very kind invitation—but regrets he will be unable to attend."

Vivien, 21, said she was disappointed and added, "I hope it

wasn't the bit about 'with bottles please' that put him off."

CAMBRIDGE, Mass. (AP)—Scott Romney, 26, son of Michigan Gov. George Romney, was described as in good condition after undergoing surgery Sunday for removal of a gangrenous appendix.

Ronna Romney, Scott's bride of less than two months, said he was taken to Mt. Auburn Hospital early Sunday and operated on about eight hours later.

"The doctor told me the appendix hadn't ruptured, but he said they got to it just in time," Mrs. Romney said. "The doctor said it was gangrenous."

Romney, a second year student at Harvard Law School, was expected to remain hospitalized for at least five days.

Romney and his wife live in Watertown, a Boston suburb.

OXFORD, England (AP)—Actor Richard Burton and poet W. H. Auden, former professor of poetry at Oxford University, gave poetry readings Sunday before 1,000 undergraduates.

Burton was in Oxford with his wife, Elizabeth Taylor.

Theft Investigated At Lisbon Landmark
LISBON — Police are investigating the theft of \$2 and some change from a cash register Saturday evening at the Landmark Store on S. Market St.

They could find no sign of forced entry, but Art Pritchard, Landmark mechanic, found the register drawer on the floor when he entered the store about 9.

Perry Halverstadt, mill manager, told police he punched the time clock in the store about 6:30 and heard a noise from the door leading to the mill. He investigated, but failed to find anyone.

Cancer Fatal At 55

Steel May Hit Shipping Goal If Trucks Roll

CLEVELAND (AP) — Early termination of the two-month-old strike affecting 15,000 steel haulers in a nine-state area would make it possible for the steel industry still to reach its 1967 goal of 83.5 million net tons of shipments, Steel magazine said today.

"Mill executives think they'll be able to make up lost shipments if the strike is quickly concluded," the weekly journal of metalworking said.

Mill shipments—estimated at six million tons for September—would have to rise to near the 7.7 million tons of September, 1966, during the last two months if the 83.5 million-ton goal is to be reached, Steel said.

"Rail transport is bridging the trucking gap sufficiently to prevent a steel shipping collapse," Steel said. "Rail shipments are reported up one-third as producers scramble for available cars—which are scarce."

Curtailments at steel finishing mill and fabricating plants have caused layoffs or short term employment of 15,000 to 20,000 workers, the magazine reported.

The trucker strike has been a factor in a failure of the autumn upturn in orders to come up to expectations. An eastern analyst says the recovery in buying is running six to eight weeks late, Steel said, adding:

"A Pittsburgh area mill estimates it has lost orders for 20,000 tons because it couldn't make deliveries. Another major producer sets its loss at 40,000 to 60,000 tons."

Ingot output last week was estimated by Steel as unchanged from the previous week's 2,434,000 tons.

The magazine's price composite on No. 1 heavy melting grade of steelmaking scrap also was unchanged from the previous week, holding at \$27.17 a gross ton.

Shelf Will Aid In Roof Work

By DOUGLAS TUOMEY

When the home owner is painting a roof or chimney, or making repairs which require several tools, brushes and containers, he is often in an awkward spot.

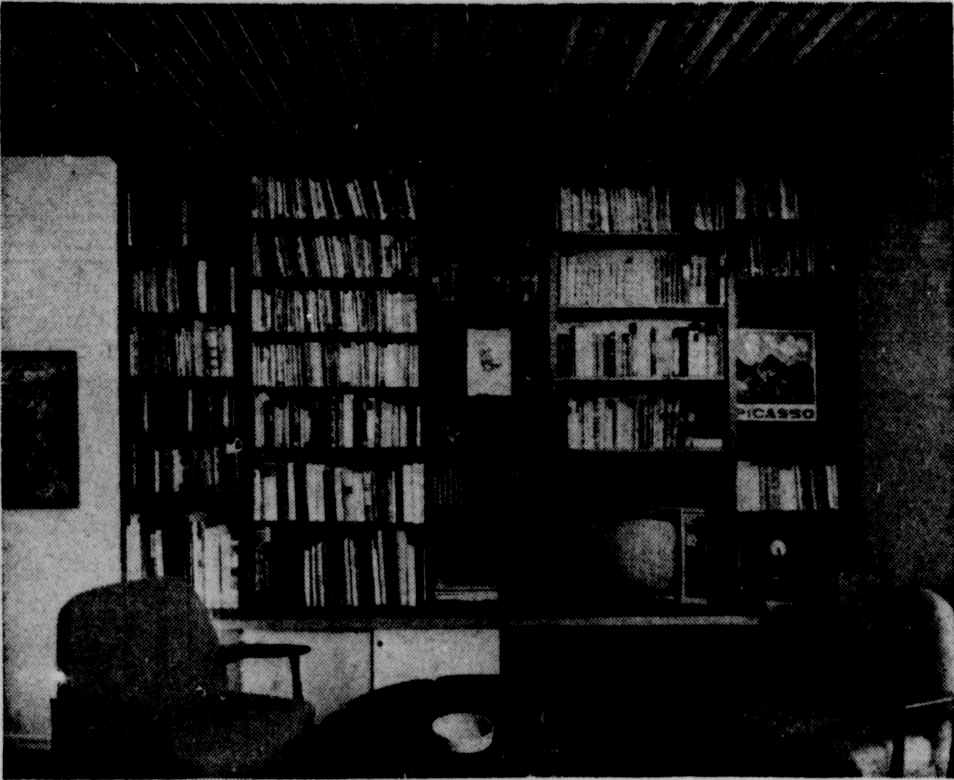

The average roof has a pitch which allows these implements to slide down. And it is not rare to hear of a whole can of paint being spilled because of the difficult slope.

Most of the trouble of this kind encountered by the amateur repairman is easily taken care of by means of a portable shelf of the type described here.

This handy shelf is made by nailing two pieces of board together in the form of a corner. Nothing could be more simple and the shelf formed will serve on virtually any pitch of roof. Probably the best size for the average house is a shelf 16 or 18 inches long, made out of six or eight-inch board. It is enough to hold two cans, a couple of brushes and a scraper and putty knife. If your work calls for greater equipment, the shelf can be made accordingly.

On the average roof with a more or less rough surface, the two edges which contact the roof are enough to prevent slipping, but where there is any danger of this, two or three nails can be driven into the lower edge of the upright board so that the points protrude and act as a safety measure. It is even permissible to press the shelf down so that the points dig into the roof surface without harming it to any extent.

Aside from the convenience of this gadget, it has a definite safety angle for the worker. When a man has to be reaching here and there for tools or brushes, and grabbing at slipping items, he does not have his mind on his footing or the safety of his position. This is not the best state of mind for a person on a roof.

Do parents overlook their own need for privacy and an adult atmosphere in planning the family home?

It sometimes seems so, for, other than the master suite, where can the average parent find the quiet and "away-ness" to enjoy a good book, write a letter, listen to a favorite sonata, paint a picture, or even pay the monthly bills?

PARENTS NEED to take a claim to more territory in the house. Call it a den, study or studio, but make that space off limits to the youngsters.

Size of the den doesn't matter half as much as its layout. Above all, it mustn't be a cubicle furnished with tattered castoffs, for such a space is neither inviting nor restful. Instead, try your decorating ingenuity here—and make it fun.

The ceiling is a good place to put a little omph because pattern and texture on the top side won't make the room feel cluttered. Try a three-dimensional effect, for example, by nailing western hemlock 1-by-2s across the ceiling, edge down. Leave a spacing of one or two inches between boards to get a deep shadow line. Then, for needed contrast, finish the hemlock 1-by-2s clear and paint the ceiling a mid-tone, like olive.

A wall of built-in shelving is another way to put zip into the den with little effort. Shelves can be designed for books, art objects, craft materials, or a combination of things. Generally, shelving is 12 inches deep, but if space is tight, 10-inch shelves

will handle the library nicely.

SHELVING can be floor-to-ceiling or it can be set on a base cabinet built at knee or hip height. In a small den, the lower base cabinet makes the room appear larger.

For shelving, use Douglas fir, hemlock or ponderosa pine 1-by-12s or 1-by-10s. Base cabinet doors can be plain or fancy. Lightweight sliding doors painted many colors can be delightful.

Put colorful carpeting on the floor and watch how quickly the room warms up and quiets down. For furniture, comfort is the word. Old easy chairs in fresh, new slipcovers can be fine—or treat yourself to something entirely new and wonderful.

awareness of a decorator's function, Bell has observed, and he says women are becoming more knowledgeable about styles, periods, woods, colors, because they read avidly about such things in newspapers and magazines.

SMALL ROOM redecoration is one example of this new awareness, he points out. At one time, homemakers treated small rooms like step rooms but now they call in decorators. Some homemakers still decorate by herself—"You shouldn't use busy patterns or dark colors in small rooms." Actually, the reverse is more often true, he says.

Bell proved it in a current store show of "signature rooms" designed around famous people. One small room is an actor's hideaway for Keir Dullea. It is covered in black and gold pony print Naugahyde. In addition to walls and floors of the print, a rosewood daybed and aluminum base swivel chair are similarly covered.

A small living room designed as an island retreat room for Dina Merrill, has beige vinyl on walls, a Moorish tile pattern on the floor, floral cotton fabric on rattan furniture. A wrought iron gate at the window permits a view of a painted tropical scene that looks pretty believable.

Decorating Holds Perils

By VIVIAN BROWN
AP Newsfeatures Writer

The name of the game is decorating. It is dangerous for those who don't know how to play, says expert David Eugene Bell.

It can be an expensive game. It can be a heart and home breaker. It drives people to doctors and psychiatrists. And it can break the bank, he explains. "Some women are clever and can do attractive and happy decorating jobs, but most women shouldn't attempt it."

BELL HAS been called in to patch up lots of homes and marriages that have become rocky because a housewife has evolved a decorating plan that threw her husband into a panic. Often she is stuck with merchandise

bought through friends or at wholesalers.

"The entire family should be considered when a decorating plan is made. But many women clip pictures of many ideas and then try unsuccessfully to put them into decorating perspective."

Bell is in his seventh year as director of the interior design department of Bloomingdale's, a New York store with suburban outlets. The store, like many in the United States, gives decorating advice to customers—small—"What color shall I paint a tiny bathroom?" or large—"I want to redecorate a 14-room house." A small fee is charged for a room plan and color schemes, and if purchases are ultimately made for the purpose the fee is refunded.

Each year, there is rising awareness of a decorator's function, Bell has observed, and he says women are becoming more knowledgeable about styles, periods, woods, colors, because they read avidly about such things in newspapers and magazines.

Question: I will be putting metal weatherstripping on the windows in our house very shortly. Is there anything I should know about their installation?

ANSWER: There are so many different kinds of weatherstripping, metal and non-metal, that no set of instructions would be of value to you. Have the dealer from whom you buy the weatherstripping give you tips about the installation.

However, there is some advice that will improve the sealing efficiency of the weatherstripping once it has been attached to the windows. Keep the windows locked during cold weather—and if the locks don't close the sash tightly, fix them so they do.

Don't run TV or radio wires over weatherstripping because they will damage it and cause the window to fit poorly. Instead, notch the weatherstripping so the wires will fit properly. When the smooth metal finish has been painted, the windows will stick or bind. Should any paint get on the weatherstripping, remove it with steel wool, then rub on a paraffine wax.

In fact, paint or no paint, it's a good idea to use wax or a similar lubricant on the weatherstripping every so often. It will offset the tendency of windows to swell in wet weather and insure smooth-running operation.

QUESTION: I recently lacquered a small end table, using a brand new brush. The lacquer did not go on smoothly and did not dry properly, even after a full day. I understood lacquer would dry in 20 or 30 minutes. What did I do wrong?

ANSWER: It sounds very much as though you used the lacquer full strength. It should be diluted at least 50 per cent with lacquer thinner, in which case the lacquer will dry to the touch in a few minutes. Try wiping the end table with a cloth soaked in lacquer thinner. Use a rubber glove while doing this. When the surface becomes dry and smooth again, sand with a fine grade of abrasive. Wipe again with lacquer thinner. Then go ahead with a repeat application, using a half-and-half mixture of lacquer and lacquer thinner.

2 Killed As Plane Crashes And Burns

LEBANON, Mo. (AP)—Two, and possibly three, persons died when their single-engine plane crashed and burned 12 miles east of this south central Missouri community Sunday evening, the Highway Patrol said.

The plane was en route from Parkersburg, W. Va., to Tulsa, Okla., the Kansas City Flight Service said. According to the flight plan filed in Parkersburg, there were three persons aboard. The patrol listed the victims as possibly two men and a woman.

Auto, Truck Figure In Mishap At Lisbon

LISBON — A 1966 sedan driven by Mrs. Helen B. Strong, 68, of Manatee, Fla., was damaged at 5:30 p.m. Saturday in a collision at W. Washington St. and S. Lincoln Ave.

The other vehicle was a 1964 truck operated by Richard W. Atkins, 48, of Toronto, who was turning south from W. Washington onto Lincoln.

Police said Mrs. Strong, headed north on Lincoln, attempted to back up to give the truck more room to turn. As she cut her wheels to get nearer the curb, the left front fender hit the side of the truck, they said. No one was cited.

Warren Western Reserve Hands Potters 22-0 Loss

Sports Whirled

By TURK PIERCE
Review Sports Editor

This was a weekend of upsets on the gridiron, but no one has to tell East Liverpool fans that. The Potters' 22-0 loss to Warren Western Reserve Saturday night drops their record to 4-1 and puts a crimp in their hopes for high ratings in the state, at least for the time being.

But East Liverpool, ranked eighth by UPI, wasn't the only member of the top 10 to fall by the wayside. Number one Canton McKinley was edged by powerful Steubenville 20-15 in one of the most exciting games you would want to see. McKinley, trailing 14-7, scored with 58 seconds left and added the crucial two-point conversion for an apparent victory, but Big Red came back to score on a desperation pass as the time ran out.

Highly-ranked Massillon barely escaped the upset bug, rallying to edge Altoona, Pa. 12-7. But Youngstown Ursuline, seventh in the AP voting, was dumped by Youngstown Cardinal Mooney in an important city series game.

IN COLLEGE RANKS, no less than half of the top 10 teams and three squads in the second 10 were ambushed. Notre Dame was "upset" by Southern Cal, though when the number one team in the country is made a 12-point underdog the oddsmakers must be using their hearts instead of their heads. Missouri lost to Colorado, another Top 10 member, but the losses of Georgia to Mississippi, Nebraska to Kansas and LSU to Miami were real shockers. Also knocked off were Georgia Tech (by Tennessee), Oklahoma (by Texas) and Syracuse (by Navy).

Any time Pitt wins a ball game it has to be an upset, at least this season, and lightly-regarded Southern Mississippi buckwacked Mississippi State in some other college surprises.

In the pro ranks, Green Bay's downfall was one of the big surprises of the season, the win being the first for Minnesota.

BUT OVERSHADOWING all the games for the local fans was East Liverpool's loss at Warren. The game wasn't close, and the locals were just outplayed by a young, fired-up Raider club.

Rumors were rife at Western Reserve this week that East Liverpool wasn't worrying about the game because it wasn't Warren Harding it was playing, and this type of psychology undoubtedly helped the second year school's team to get "up" for the contest. But these were unquestionably only rumors. Bob McNea is too smart a coach to underestimate an opponent.

Playing away from home for the first time this year certainly had an effect on the team, though 3,000 to 4,000 East Liverpool fans were among the crowd of 9,000. This was the best turnout of the year for Western Reserve in spacious Mollenkopf Stadium and the first time any visiting team had brought more than a token delegation, according to Warren writers. But the faithful were disappointed, as Friday the 13th came a day late for Potter fans.

DEJECTION. Jim Bess reflects the mood of the East Liverpool football squad as he sits on the bench during the fourth quarter of the Potters 22-0 loss to Warren Western Reserve Saturday at Warren.

Potter Harriers 6th Of 16

The East Liverpool Cross-country team finished sixth of 16 at the Braceville Invitational meet in Newton Falls Saturday.

Niles was the team champion and Boardman's Roger Krepps was the individual winner in 10:13, a new course record.

Geoff Lowe led the local runners, finishing sixth in 10:34. He received a trophy. Other Potter finishers were Ted Hoffman 17th, Mike Adkins 39th, George Manning 49th and John Keil 56th.

Tuesday Joe Smith's team travels to Boardman for a triangular meet against Poland and Braceville.

Loss At Warren 1st Of Season

By TURK PIERCE
Review Sports Editor

The Warren Western Reserve Raiders came off as a football team Saturday night, at the expense of East Liverpool, unfortunately for local fans.

The Raiders, who have never played a team as highly regarded as the Potters, much less beaten one, and who have won only 10 games (against six losses) since the school was formed, ended the 12-game winning streak of East Liverpool with a 22-0 win at Mollenkopf Field in Warren.

Coming of age individually was Willie Thompson, who had never started a game before. Thompson gained 92 yards in 15 carries, including a 63-yard touchdown romp just before halftime.

Coach Bob McNea, on the losing side for the first time since early last season, said Warren had a fine football team and

it played well. "We had bad field position all night," he added. Indeed, the Potters only crossed midfield twice, both times after they trailed 22-0, and got no closer than 29 yards from paydirt.

The usually potent Potter offense was limited to 159 yards, with the passing game a total disaster. Earl Diddle went 0 for 3, including two interceptions, and EL didn't complete a pass until Dan Cunningham hit late in the game. "Warren had good team speed and excellent pursuit on defense," McNea pointed out. "They would slip blocks and hold our sweeps to 4 yards instead of 15."

McNea had a complaint about one play, a very key one. Warren had taken a 6-0 lead on a 35-yard pass from Dave Zoba to Bill Fisher, and Mike McVay received the ensuing kickoff on the seven, cut left and sprinted up the sideline all the way to the Warren 22 before being caught from behind by Bob Davis. But a clipping infraction was called on the Potter 30 and the ball was brought back to the 15, depriving the visitors of momentum to bounce back. McNea said he'd "bet a \$1,000" that the films would show the so-called clip as a clean block.

Injuries hampered the Potters. Bill Jones appeared only briefly, which weakened the backfield blocking considerably.

Williams Gets 3-Year Contract

BOSTON (AP) — Dick Williams, armed with a fat three-year contract as manager of the Boston Red Sox, shopped around for pitching and catching strength today to help his young charges defend the American League pennant in 1968.

Williams, a 38-year-old former journeyman player, frankly discussed his needs after being rewarded during the weekend with the long-term contract calling for a reported \$50,000 a year.

"We'll be looking to strengthen our pitching and catching next year," Williams said. "This is what we'll trade for if the opportunity presents itself. I'm not up to date on the trade situation, but we've been laying the groundwork."

TRAPPED. East Liverpool quarterback Earl Diddle, attempting to pass, is trapped by Bob Brown of the Warren Western Reserve Raiders for a seven yard loss in the second quarter of Saturday night's game at Warren. Cliff Roberts (61), ace line-backer of the Raiders, comes up to help out. Warren won game 22-0.

Shaffer Yogi Leader After Bad Weekend

Bob Shaffer is a halfback for Philip Barbour high school. Shaffer didn't have a good night Friday as his team lost to Oak Glen 21-14. He carried the ball four times and ended up losing a net of 10 yards. He also fumbled once.

Another Bob Shaffer is one of the Review Grid Yogis. He did a little better over the weekend than his namesake, predicting six of nine correctly (there was one tie) and taking over the lead from his more hapless fellows.

All in all, it was the worst weekend yet for the Yogis, with the consensus going 3-6. Erstwhile leader Turk Pierce was also 3-6, as was Bob Poole, while Tom Futhey was 4-5 and Bob Duffy was 5-4.

The game that tripped up everybody was East Liverpool's loss to Warren Western Reserve, 22-0. Shaffer was the only person to get Crestview's 34-0 win over Southern Local, Futhey and Shaffer were alone in picking Burgetstown, a 21-6 victory over Midland, and the same pair clicked with the Browns, a 20-16 winner over the Cardinals.

Futhey and Duffy were right on the Giants, a 27-24 winner over the Steelers, and Pierce and Duffy were right on Southern Cal, a 24-7 conquerer of Notre Dame. The Rams and Colts tied 24-24.

The only games the consensus was right on were Oak Glen over Philip Barbour, where Futhey selected the 21-14 loser; Columbiana over Leetonia, where Futhey again was wrong with the Bears, a 28-15 loser, and East Palestine over Beaver Local, where Pierce took the Beavers, who fell 19-14.

It's a good thing games involving the Packers, Georgia, Nebraska and a few of the other mighty that fell over the weekend weren't on the slate, or no one would have gotten any right.

Patriots Ask Waivers On End Tony Romeo

BOSTON (AP) — The Boston Patriots asked American Football League waivers on tight end Tony Romeo today to make room for quarterback Don Trull, obtained from the Houston Oilers Sunday in exchange for an undisclosed draft choice.

Romeo, a 29-year-old Baptist minister, starred at Florida State. He was obtained by the Patriots in a trade with the Dallas Texans in 1962.

Pitt Upsets Wisconsin Behind Bob Bazylak

PITTSBURGH (AP) — When you have a hunch, play it. That's what Pitt Coach Dave Hart did Saturday—but admitted he may have acted two weeks late.

Hart started Bob Bazylak at quarterback in the second half against Wisconsin Saturday and the senior signal-caller led the Panthers to their first victory, a

13-11 triumph over the winless Badgers. "I played a hunch," said Hart. "I started working with Baz as backup quarterback in practice when it looked like (Frankie) Gustine wouldn't be able to play with a bruised hand."

"It looked like Baz just sparked that team and pulled them together in practice."

Duncan 100-Yard Return Paces Charger Triumph

By RON RAPOPORT
Associated Press Sports Writer

The voices Speedy Duncan hears give him good information, but his dreams tend to get a little out of hand.

"I had a dream Saturday night that I would intercept four passes and help San Diego win," the Charger defensive back said after an important 45-31 victory over Kansas City Sunday.

In real life, Duncan intercepted just one of Len Dawson's throws, but it was a good one. Duncan took it 100 yards for a touchdown, the longest return of a pass interception in league history.

"Chris Burford had beaten me on that play for the last two years," the 5-10, 175-pound de-

fensive back said. "It's a short up-and-out pattern where he pushes me off, goes for the flag and beats me. This time, I played a yard or two deeper."

"I got the ball with my hand, batted it up and was ready to down it when I heard (defensive back) Bud Whitehead yell, 'Run, Speedy, run, you've got the sideline.' So I looked. Whitehead yelled again, and I ran."

Earlier in the afternoon's festivities, Duncan had picked up a fumble by Mike Garrett and taken it 35 yards for a touchdown.

Two other Charger touchdowns also came on long strikes. Quarterback John Hadl hit flanker Lance Alworth with a 60-yard scoring pass, and rookie halfback Dick Post burst

through for a 67-yard touchdown run.

In other AFL games Sunday, New York and Houston fought to a 28-28 tie, Oakland beat Buffalo 24-20 and Boston crushed Miami 41-10. Denver was idle.

In the NFL, Minnesota upset Green Bay 10-7, Los Angeles tied Baltimore 24-24, Cleveland topped St. Louis 20-16, Chicago beat Detroit 14-3, Dallas took New Orleans 14-10, New York edged Pittsburgh 27-24, San Francisco nipped Philadelphia 28-27 and Washington and Atlanta tied 20-20.

The defeat cropped the Chiefs into third place in the AFL's Western Division with a 3-2 mark while San Diego stayed in first with a 4-0 record. The Chargers face Denver, last in the division, next week, and Kansas City tries to take out its frustrations on Houston.

Houston's defense did what its offense couldn't, scoring three touchdowns and setting up the fourth against the Jets. Safety Ken Houston scored on a 71-yard return of a blocked field-goal try and a 43-yard run with a pass interception. Miller Farr intercepted three passes, returning one for a score.

In all, the Oilers intercepted six of Joe Namath's passes and threatened to win the game with a steal on the last play of the game by W.K. Hicks. Seventy-one yards and two laterals later, Namath himself prevented the score, tackling Larry Carwell on the four.

Darryle Lamonica threw two touchdown passes against his former Buffalo teammates despite a lot of pressure from the Bills' line, which threw him five times for losses of 50 yards. The Oakland defense was equally hard-hitting, punishing Jackie Kemp 11 times for 96 yards lost. Babe Parilli threw five touchdowns passes for Boston, three to Jim Whalen and two to Larry Grantham. The Patriots rolled to a 27-3 halftime bulge on four Parilli scoring aials. Babe finished with 16 completions in 20 attempts and 281 yards gained.

Chester Rabbit Breeder Wins National Honors

A Chester rabbit breeder won national honors at the National American Rabbit Breeders Show held last week at the New York State Fairgrounds at Syracuse.

Ray Vaughn received a trophy for having the best New Zealand Red Senior in the show and of the six rabbits showed by Vaughn, four placed.

A total of 2,700 rabbits of all breeds were in the show at Syracuse and Vaughn, a New Zealand Red Breeder, finished the 1966-67 show series among the top five breeders.

Twenty of the best exhibitors in the United States and Canada showed 186 New Zealand Reds with Vaughn winning one of best of show and placing an intermediate Buck third in a class of 26 and a senior Red Buck fifth in a class of 23.

Dunbar High, Charleston Tied For 1st

By The Associated Press

Dunbar High School eased into a tie with Charleston High for first place in the Class AAA football ratings compiled by the Secondary School Activities Commission this week. The Bulldogs handled Charleston George Washington Friday night 13-0 while Charleston High was pounding Mount Hope 61-6.

The top three teams in Class AA each posted victories to retain their positions but AAA Welch knocked Northfork out of fourth with a 7-0 decision.

Matewan Magnolia, seventh last week, replaced Northfork on the strength of its 33-20 victory over Delbarton Burch. Northfork fell to sixth.

Marlinton hung onto its top ranking in Class A with an 18-7 decision over Meadow Bridge. The defeat dropped sixth-ranked Meadow Bridge out of the ratings.

Wirt County whipped Pennboro and edged from third into second place. Winfield was tied by Hurricane 14-14 and fell from second into a fifth-place tie with Shepherdstown.

Alderson defeated Lewisburg 27-6 and jumped from seventh to third.

The ratings:

Persian Sets Weightlifting World Mark

By STRATFORD C. JONES
MEXICO CITY (AP)—Mexico's big rehearsal for the 1968 Olympic Games moved into the second round today with one world record in the bag after a generally disappointing, and confusing, opening day.

Seven finals were on the program for track and field events in the third International Sports Week, with attention centered on Randy Matson of Texas A&M, world shot put record holder, and Gaston Roelants of Belgium, the 3,000-meter steeplechase king.

Mohamad Nassiri of Iran had the pleasure of breaking the first world record in the Pre-Olympics by hefting 320 pounds in the sling and jerk weightlifting Sunday night on his way to the bantamweight gold medal. His 7,937-point total was only 11 pounds off that world record, too. The record Nassiri broke was his own, set last month.

Roelants finished a distant third in Sunday's most spectacular track event, the 10,000-meter run which Mohamed Gammoudi of Tunisia won in 30 minutes, 16 seconds.

Pat Winslow of San Jose, Calif., led the women's pentathlon with 2,957 points into the final two events—the 200-meter dash and the long jump. Annalaria Tothne Kovacs of Hungary was second with 2,901.

Matson will be trying to beat his world mark of 70-7 1/4 in the shotput, and he seemed to have the field to himself, with the exception of Wilmos Varju of Hungary, bronze medalist in the Tokyo Olympics.

Other finals on tap were women's 100 and 400 meters and discuss and the men's high jump and 800 meters.

Opening day times were off the world marks, as had been expected in a city over 7,000 feet above sea level.

Gaoussou Kone of the Ivory Coast won the 100-meter final in 10.2—two-tenths of a second off the world mark—and Italy's Pasquale Giannattasio and John Carlos of New York finished 2.3 with the same times. The Italian was clocked in 10.1 in a preliminary heat.

Ian Luis won Russia's first gold medal by throwing the javelin 279-6, and his countryman Victor Saneev got the second with a triple jump of 54-4 1/4.

In other events, Eduardo Torar of Mexico led the field in modern pentathlon with 1,100 points, while Stasis Shapernis of the Soviet Union was second at 1,070. Thomas Currey of the United States was fifth with 1,040.

Elimination events in rowing, which didn't count, and women's compulsory exercises in gymnastics rounded out the first day. The rowing eliminations didn't eliminate anyone because there are only enough teams entered to make up the finals.

Although officials marched and athletes paraded and the medal presentations went off without a hitch, the results service caused consternation among competitors and spectators.

Results announced in Spanish were sporadic, and those few announced in French and even fewer announced in English often varied, both in placings and in times or distances.

The scoreboard, when used, varied with the varied announcements, and the official results service often differed with these. Athletes, particularly pentathletes concerned with their results for point totals, were dismayed when they could not learn how they did.

And when they did learn how they did, they wondered if they could believe it.

Vic Davalillo led the Cleveland regulars in batting in 1967 with a .287 mark.

Vikings Upset Packers 10-7; Colts, Rams Tie 24-24

Minnesota Wins On Cox Field Goal

By DICK COUCH
Associated Press Sports Writer

No wonder the winning habit hasn't come easily for the Minnesota Vikings. They only play Green Bay a couple of times each year.

The Vikings pulled the biggest upset of the young National Football League season Sunday, spilling Green Bay's world champs 10-7 on a 12-yard field goal by Fred Cox with eight seconds to play.

It was Minnesota's first victory of the season... and the first setback for the Packers since they bowed to the Vikings 20-17 last November.

"Beating Green Bay is getting to be a habit," quipped Cox, whose second field goal in the 1966 game at Green Bay provided Minnesota's margin of victory.

After losing that one, however, the Packers reeled off five straight victories, beat Dallas for the NFL title, whipped Kansas City in the Super Bowl and got off to a 3-0 start this year. The Vikings, meanwhile, dropped five of their last six games in 1966 for a 4-9-1 finish and were 0-4 this season going into Sunday's game at rain-drenched Milwaukee, Wis.

While the Vikings were overtaking Green Bay with a 1-point spurt in the final period, the Los Angeles Rams came from 10 points down in the last six minutes to earn a 24-24 standoff at Baltimore and spoil the Colts' perfect NFL record.

At Atlanta, Wade Traynham's 31-yard field goal with two seconds remaining gave the winless Falcons a 20-20 deadlock with Washington.

At Pittsburgh, Fran Tarkenton's 69-yard TD bomb to Joe Morrison off a triple reverse shot the New York Giants past the Steelers 27-24 with 1:50 to go.

At Philadelphia, Ken Willard's fourth-quarter scoring burst carried the San Francisco 49ers to a 28-27 nod over the Eagles.

The Dallas Cowboys edged New Orleans 14-10, the Cleveland Browns shaded St. Louis 20-16 and the Chicago Bears subdued Detroit 14-3 in other NFL games.

In the American Football League, San Diego outscored Kansas City 45-31, New York and Houston battled to a 28-28 tie, Oakland trimmed Buffalo 24-20 and Boston slugged Miami 41-10.

Green Bay's Zeke Bratkowski, unbeaten in eight previous games as a relief pitcher for Bart Starr, had two fourth-quarter passes picked off by the Vikings, who turned each theft into a score.

Bruce Gossett's 47-yard field goal and Roman Gabriel's third scoring pass—a 16-yarder to Bernie Casey with 2:57 to play—pulled Los Angeles even at Baltimore. The Colts had won their

JOHNNY UNITAS Unitas Signs Contract For \$375,000

BALTIMORE (AP) — A few years ago, quarterback John Unitas of the Baltimore Colts predicted that within five years someone in the National Football League would be drawing an annual salary of \$100,000.

"But," he added, in the same matter-of-fact tone he uses when discussing one of his many NFL records, "it won't be me."

Typically—for Unitas—there was no flag waving when he did reach the magic figure. The Colts, in fact, practically kissed off the signing with the same notice given to the release of a rookie.

Just before the opening kickoff for Sunday's Baltimore-Los Angeles game, a terse announcement was made in the Memorial Stadium press box:

"Attention press. John Unitas has signed a three-year contract."

As usual, terms were not disclosed. But the best guess was Unitas signed for about \$375,000, which more than likely would be spread over more than the three playing years. Still, he would be one of the highest-paid athletes and probably tops in football on straight salary, disregarding bonuses.

Now 34 and in his 12th NFL season, Unitas reached agreement with club owner Carroll Rosenbloom on the monetary value of the new contract during the training season. The additional time was used to work out ways of easing the tax bite.

Unitas has acknowledged that he makes more money during the off-season than for playing football—income that will be sharply curtailed when he retires from the gridiron. That's why he sought the long-term payments as he concluded his previous three-year pact.

Had Unitas been injured and knocked out of action before he actually signed, he would have been paid on the basis of the new agreement rather than the estimated \$70,000 he earned annually under the old contract.

Perhaps because of the verbal agreement prior to the season, the Colts did not accompany the signing with fanfare. They failed to capitalize on the publicity value, as did the Philadelphia 76ers last week when they announced basketball star Wilt Chamberlain signed for about \$250,000.

USC Downs Notre Dame, Solidifies Top Rank

By MIKE RECHT

Southern California's publicity campaign to move this year's Game of the Decade from the Midwest to the West Coast has opened with one eye-popping orange juice commercial.

Even Notre Dame, after a taste of O.J., is buying.

It came about last Saturday when Southern Cal's O.J. Simpson thrust himself onto the national scene by leading the Trojans to a decisive 24-7 victory over the Irish in college football's game of the day.

The loss dispelled any hopes twice beaten Notre Dame had of

retaining its No. 1 ranking of 1966 assured by its Game of the Decade tie against Michigan State and a final 51-0 victory over USC.

On the other hand, the victory was sure to strengthen Southern Cal's present No. 1 ranking and further enhance its upcoming traditional battle against UCLA Nov. 18 should the Trojans, 5-0, and Bruins keep winning.

UCLA, No. 4, ran its record to 5-0 with a 37-14 whipping of California as Gary Bedan passed for two scores and ran for another.

Second-ranked Purdue also had an easy time, swamping Ohio State 41-6 to remain unbeaten in four games and No. 6 Colorado, Alabama, No. 7, and North Carolina State, No. 9, also carried on.

But two other Top Ten clubs—Georgia and Nebraska—dropped from the undefeated as Mississippi stunned the third-ranked Bulldogs 29-20 and Kansas surprised the Cornhuskers, No. 8, 10-0.

Tenth-ranked Houston was idle.

Notre Dame, oddly a two-touchdown favorite, kept the top on Simpson the first half, but could only sit wide-eyed when the second half commercial started and O. J. began pouring through Irish fingers. The nation's rushing leader, held to 41

yards in 14 carries before interception, scored three touchdowns and covered 125 yards in 25 carries in the final two periods.

USC Coach John McKay, glorying in the revenge of last year's humiliating loss to Notre Dame, said his club "had more speed, better running backs and just better football players in there—and that's why we won."

Purdue, which beat Notre Dame earlier, ran its record to 4-0 behind Mike Phipps, who hit nine straight passes for 142 yards and two TDs for a 35-0 halftime bulge.

Colorado, 4-0, controlled the ball most of the time against previously unbeaten Missouri, but needed three field goals by Dave Bartlett to help overcome an early 7-6 deficit and continue to a 23-6 triumph.

Two field goals by Steve Davis and Kenny Strabler's second TD pass to Dennis Homan snapped a 14-14 tie for Alabama, which hasn't been beaten in 25 games, and the Tide breezed 35-21 over Vanderbilt.

North Carolina State unloaded in the second half for its fifth straight victory, beating Maryland 31-9 after trailing 3-0 at the half.

Fired-up Mississippi overcame a 14-12 halftime deficit as a fumble led to a 22-yard field

goal by Jimmy Keyes and a 69-yard punt return and a pass interception led to two more scores in the second half.

Kansas completely tamed Nebraska as it handed the Cornhuskers their first shutout in six years under Bob Devaney. Bob Douglass passed and ran the Jayhawks to their touchdown while Nebraska threatened only once in the game.

Tennessee put its claim on the Top Ten with an impressive 24-13 victory over Georgia Tech and Michigan State smashed Michigan 34-0 in other big games.

Navy beat Syracuse 27-14 in the East's top game, Texas edged Oklahoma 9-7, Rice mauled Northwestern 50-6, Arkansas and Baylor tied 10-10 and Washington, USC's next opponent, tumbled Oregon 26-0.

Purdue Whips Ohio St., Ohio U., Kent Surprised

By SAM DOBBINS
Associated Press Sports Writer

Purdue, a purveyor of football finesse, sent its Boilermaker Railroad on a milk run to Ohio and by the time it was over, Coach Woody Hayes' Buckeyes still were fighting to get out of the round house.

The end result: Ohio State was handed a 41-6 shellacking; four battered Buckeyes ended up on the injured list; Hayes was glad Purdue Coach Jack Mollenkopf did not make life too unbearable.

Elsewhere, Western Michigan extended its Mid-American Conference record to 3-0 with a 16-7 victory over Kent State; Ohio University's homecoming was spoiled as William & Mary squeaked past the Bobcats 25-22, and the Musketeers of Xavier put down the University of Cincinnati 15-10.

"They just did a tremendous job," Hayes said in praising Mollenkopf's Boilermakers after Saturday's slaughter.

"I thanked him (Mollenkopf) for calling off the dogs. I also told him it was the best team I've seen on this field since I've been here."

Purdue, which piled up a 35-0 lead by halftime, pulled out most of its starters in the third period.

The Boilermakers, engineered by flashy soph quarterback Mike Phipps, broke the game open early when Dennis Cirbes intercepted a Gerry Ehrsam aerial on the Ohio State 30 and scampered down the sidelines to score.

Phipps passed for two touchdowns, completing 14 of 19 aerials for 210 yards, as Purdue got its first victory in Columbus since 1952.

For OSU, it took a soph quarterback to get the Bucks on the scoreboard. Billy Anders fought off a mob of Boilermaker defenders to snag a 10-yard touchdown pass from Kevin Ruskak in the waning minutes.

The rout also left OSU trainer Ernie Biggs with fullback Paul Huff, guards Dick Fertig and John Kelley, and center John Muhlback on the doubtful list for Saturday's game with Northwestern.

Western Michigan had to come from behind for its victory as Kent's Flashes marched 80 yards in nine plays on their first offensive drive. Wingback Billy Blunt grabbed a 47-yard pass from Ron Swartz to score.

But a fumble on the Kent five-yard line in the second quarter was the turning point as tailback Jack Foster crash-

Hawks Hot; Denver Wins ABA Opener

The Denver Rockets opened their American Basketball Association season Sunday night with a 110-105 victory over Anaheim while in the National Basketball Association the St. Louis Hawks posted their second victory of the young season, defeating the San Francisco Warriors 107-102.

Denver's debut was sparked by the 39-point output of Lefty Thomas, who hit 19 field goals and a free throw. Les Selvig and seven-footer Larry Bunce led the Amigos with 26 and 22 points, respectively.

It was Anaheim's second loss. A slimmed-down Paul Silas led the Hawks' attack with 15 points with four of his teammates also hitting in the double figures.

The Warriors are generally the Hawks' chief rivals for the Western Division championship but they are now without the services of Rick Barry, who chose to sit out this season so he can jump to the Oakland Oaks of the ABA next season.

San Francisco held a 51-49 lead at the half but the Hawks took a three-point lead with 2:43 remaining and never relinquished it.

William & Mary, the defending Southern Conference champs, claimed its victory on a field goal that hit the cross bar and fell over.

The Indians, down 14-11 at the half, were sparked by Ted Zychowski who scored two touchdowns on passes in the second half as the Bobcats suffered their second loss in five starts.

Cincinnati's Bearcats had Xavier running scared. The Musketeers coasted into the fourth quarter with a 15-0 lead but almost lost it.

United Drops 5th Game, 30-8 To West Branch

United dropped its fifth game in six starts Saturday night, falling to West Branch 30-8 at the winners' field.

Phil Esposito Leads Hawks To 6-2 Win

BOSTON (AP) — Those who wondered how lanky Phil Esposito would get along without Bobby Hull skating on his left wing didn't have to wait long for an answer.

Now there might be some doubt if Hull and the Chicago Black Hawks will be able to get by without Esposito.

Esposito, a gifted 6-foot-1 center obtained by Boston in an off-season trade with the Black Hawks, exploded for four goals Sunday night as the Bruins ranked Montreal 6-2 to remain unbeaten in two National Hockey League starts.

It was the biggest scoring spurge — and first hat trick — for Esposito in his NHL career.

The Toronto Maple Leafs, meanwhile, handed Chicago's defending NHL champions their third setback in three games — pounding the Black Hawks 5-3 despite Hull's third goal of the young season.

Elsewhere, Detroit edged New York 3-2 and Los Angeles trimmed Minnesota 5-3.

Esposito hardly missed ex-lineman Hull as he banged in three goals in the opening period and added another in the middle session, staking the Bruins to a commanding lead.

Dave Keon and Brian Conacher shot the Maple Leafs to a 2-0 lead at Chicago before Ken Wharram countered for the Hawks in the first period. Jim Pappin and rookie Wayne Carleton then boosted the Stanley Cup champs' lead to 4-2.

Wayne Maki's first NHL tally and Hull's goal late in the final period closed the gap, but Frank Mahovlich hit an open net to insure the Leafs' second triumph without a loss.

Detroit spotted the Rangers a 2-0 edge, then swept from behind on goals by Norm Ullman, Dean Prentice and Gordie Howe for its first victory in three starts. Don Marshall and Jim Neilson were the New York scorers.

Los Angeles' young Kings won their second straight with a three-goal burst in the third period. Ted Irvine led the LA attack with a pair of goals and Gordon Labossiere, Howie Hughes and Lowell MacDonald had one apiece. Dave Balon, Bob Charlebois and Murray Hall connected for the North Stars.

Revolutionary Move To Go On

Castro Accepts Reports About Death of Guevara

HAVANA (AP) — The revolutionary movement in Latin America will go on despite the "hard blow" of guerrilla leader Ernesto Che Guevara's death in Bolivia, Prime Minister Fidel Castro says.

In a broadcast speech Sunday night, Castro said that "imperialism has a fear of Che after death." He said Guevara has been eliminated physically but his example "can never be eliminated by anything or anyone."

Castro spoke softly in a low voice, his characteristic flamboyance muted by sadness, as he said he accepted as "bitterly true" reports that Guevara had been killed in a battle with troops in Bolivia's jungles.

The prime minister said he could not doubt the authenticity of photographs of the dead man and a diary said to belong to Guevara, who fought with Castro against Cuban President Fulgencio Batista and became Castro's right-hand man in government. Guevara had dropped from sight in Cuba in 1965.

It was the first official Cuban comment on the reports of Guevara's death.

Castro, dressed in an olive green major's uniform, said he

was declaring three days of mourning and that a memorial tribute to Guevara will be held Wednesday night in Havana. He said the Cuban flag would be flown at half-staff for 30 days and announced that Oct. 8, the day Bolivian authorities claimed Guevara's death, would be henceforth a holiday.

Castro said he accepted Bolivia's report of Guevara's death in part because its government is too "stupid" to invent it. But he said there were "strange and contradictory things" surrounding the story and suggested that Che had been betrayed by a deserter.

He said he believed the Bolivians killed Guevara after taking him captive and not, as reported, during a five or six-hour battle. He said a battle that long is out of line with guerrilla strategy.

Castro ridiculed a Bolivian army report, contradicted in Bolivia by some military officials, that Guevara gasped before his death, "I am Che. I have failed."

The Cuban leader said Che would never have said anything to aid the enemy.

Mrs. Guevara and her four children have been reported out of Havana for the last few days.

Wheeling Driver Cited In Collision

A 34-year-old Wheeling man was charged with driving while under the influence of alcohol Saturday night after a collision between his truck and an auto on the parking lot at an E. 3rd St. drive-in restaurant, police reported.

Ralph Wilkinson of 508 S. Penn St., Wheeling, was charged by Patrolman Howard E. Frontz after the collision that involved Wilkinson's 1967 model truck and a 1966 four-door sedan driven by Willis J. Smith of Richardson Ave., police said.

Smith told police his car was parked on a lot at Buddy's Restaurant and was hit as Wilkinson backed his truck. Wilkinson blamed the collision on Smith. The crash damaged the left side of Smith's car.

One Of 7 In Jail Break Is Captured

HUNTINGTON, W. Va. (AP) — Earl L. Dean, one of seven men who broke out of an Ohio jail last week, was in custody here today.

Police said the 37-year-old Dean, a former Huntington resident, was picked up here Sunday night.

Dean and six other prisoners escaped from the Franklin County Jail in Columbus last Wednesday night. Dean was being held as a parole violator.

Four escapees remained at large. Another was captured in Columbus.

FRANKLIN, Ohio (AP) — Patrolman Donald Kidwell, 23, was suspended indefinitely Sunday by City Manager John Griffin pending settlement of a charge of shooting with intent to kill killed by a Franklin man. Kidwell was suspended temporarily last Monday by Police Chief Frank Harbach after the shooting incident. The charge was brought by Hansel McGuire, 24, Franklin.

West Virginia Traffic Fatal Toll 10 More

Ten persons were killed on West Virginia highways last weekend, hiking the state's 1967 accident toll to 410. This is one more than the total killed at this time last year.

The worst accident occurred on W. Va. 47 near Parkersburg, killing five Boy Scouts who were returning home from a weekend camp.

The five victims of the two-car collision were Enoch Ferrell, 17, the driver; Bob Cooper, 13, and Drew Adams, Randy Hood and John Alderson, all 14.

All were sons of Kaiser Aluminum personnel of Ravenswood. The driver of the other car and his 4-year-old daughter were hospitalized with serious injuries.

Other weekend fatalities by county, recorded since 6:30 p.m. Friday:

PRESTON — Danny Enlow 16, and Franklin Fwajnos, 17, both of Independence, were pushing a motorcycle on W.Va. 7 near Reedsville when they were struck and killed by a hit-and-run motorist.

WYOMING — Douglas Nease, 19, and Roger Kidd, 20, both of Mullens, killed when their car ran off W. Va. 16 near their home and plunged over an embankment.

BOONE — Bobby Adkins, 16, of West Hamlin, fatally injured when his car ran off W.Va. 3 and struck a tree near the Boone-Lincoln County line.

In addition, a Wheeling resident, Glen Ellis Loscar, 27, was killed early Saturday when his car overturned in Belmont County, Ohio.

How Can I? By ANNE ASHLEY

Q.—How can I prevent tinware from rusting?

A.—Tinware will never rust, no matter how much it is placed in water, if while it is still new you rub its surface with lard, then heat it thoroughly in the oven.

Q.—How can I make a cleaner for dirt that is ground into the hands?

A.—Rub petroleum jelly thoroughly into the hands, let it remain for at least 15 minutes, then wash the hands, and see how easily the dirt is removed.

Q.—How can I clean very old brass or copper that is very discolored?

A.—By using the finest grade of steel wool, followed by a rubbing with rotonstone and sweet oil.

Q.—How can I improve the appearance of a shabby-looking black umbrella?

A.—Try brushing over it with a solution of ammonia and warm water.

Junior Editors Quiz on COINS

QUESTION: Why is a place where coins are made called a mint?

ANSWER: Money is simply a medium of exchange which everyone can use. How clumsy it would be if you wanted to buy this newspaper and would have to take a bag of cookies to the newspaper office to exchange for it! Ancient peoples used different rare and valuable things, including giraffes' tails and whales' teeth, as money—something which everyone would accept in return for goods and services. Valuable metals, especially gold and silver, later came into popular use. In Rome, silver coins such as the denarius were made in an important temple, the temple of the goddess Juno, whose full name was Juno Moneta. Because of the connection with "Moneta," places where coins were made were called mints; and the coins themselves came to be known as money. Later, paper bills became the prevalent medium of exchange, but "mint" still refers to a place where coins are stamped out. There are two U.S. mints, one in Denver and one in Philadelphia.

Today In History

By The Associated Press

Today is Monday, Oct. 16, the 289th day of 1967. There are 76 days left in the year.
Today's highlight in history:
On this date in 1793, Queen Marie Antoinette of France was executed.
On this date:
In 1815, Napoleon Bonaparte landed at the island of St. Hel-

na as an exile.
In 1840, New Zealand became a British colony.
In 1859, the Kansas abolitionist John Brown staged a raid on Harper's Ferry, Va.
In 1925, the Pact of Locarno was signed by Britain, France, Germany, Italy and Belgium.
In 1940, 16 million Americans registered for the first draft under the Selective Service law.
In 1941, German troops cap-

tured the Russian city of Odesa during World War II.
Ten years ago — Britain's Queen Elizabeth arrived in Jamestown, Va., to help celebrate the 350th anniversary of the first permanent English settlement in the new world.
Five years ago — A U.S. high-

altitude nuclear test over Johnston Island in the Pacific was unsuccessful due to a rocket failure.
One year ago — President Johnson helped consecrate a Roman Catholic shrine in Pennsylvania and urged racial tolerance on the part of Polish-Americans.
